If you have company, if any one in your vicinity is ill, or going on a visit, if there's a new baby, if there is any item of news in your locality we want to publish it, and will consider it a favor if you will inform us.

Who says that Royal Oak doesn't need a hall? The crowd at the hall Monday evening is sufficient evidence that one is much needed.

Died, May 23, '10, George Parris, aged 63 years. The funeral was held from his late home on Troy street Tuesday, May 31, at 2 p. m., with interment in Royal Oak cemetery.

James Willson is taking the school census. Be sure to give him the names of all your children between the ages of 5 and 20 years, as each one means from \$7 to \$10 each to our school district.

The band was a great drawing card on Decoration day and added greatly to the exercises. The boys are making rapid progress and many compliments were paid them for the able manner in which they rendered their selections.

School census! To the people of School District No. 6. The annual school census, required by law to be taken each year at this time, is now being taken. Please see to it that your children are on the roll. If the enumerator has failed to call, please notify me of the same. All persons between the ages of 5 and 20, whether they attend school or not should be enrolled. The more names we have the larger will be our primary budget, hence lower taxes. Yours truly, A. W. WILSON, Director.

Deputy Sheriff Alexander Lewless was called to Urbantown one day last week to take care of a man who was acting in a strange manner. Upon his arrival he found a man digging in the ground for something. The officer asked him if he wanted a job and he said, "No, I have all I can do now catching eels." He had a spade that he had borrowed to dig them out of the earth, he also claimed he had a complete underground telephone system by which he could talk anywhere and occasionally he would holler "hello" to the earth and pretend to receive messages. The officer has considerable trouble in getting him to go with him. When searched at the jail in Pontiac a postal card was found in his possession addressed to Fred Sparling, Detroit, which is supposed to be his name. The man was pronounced insane.

On Sunday morning, June 12, Miss Isabelle Longstreet, returned missionary from Foo Chou, China, will give an address at the M. E. church. Every one should hear her as she comes directly from her work in China, and will have much of interest to tell.

The concert and supper given by the band and orchestra on Decoration day were a great success. The town hall was crowded to the limit and many were turned away who could not even get standing room for the concert. Every feature of the program was very pleasing and the numbers given by the band were most excellent.

Memorial day was observed in a very fitting manner. About 250 school children were in the line of march with the old soldiers and the two bands. The exercises at the cemetery were brief but impressive. A mound was decorated in each cemetery in honor of the dead heroes. A short talk given by Henry Addis completed the exercises of the day.

Tell us, ye winged-winds that round our pathway roar, do ye not know some quiet spot where wiles keep house no more? Some lone, sequestered dale, some island, oceaning, where life is not one ceaseless war with cobwebs and with dirt?—Where only nature's carpet spreads beneath their tired feet, and wratched men are ne'er compelled its emerald folds to beat? The west wind fanned our heated face and said: "Beat on! There's no such place."

# CONSERVATIVE TURPENTINE MAKERS

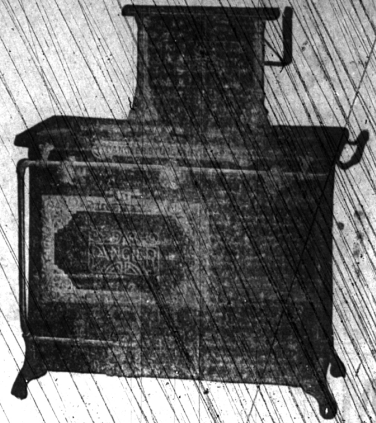

CUTTING THE LOG

RESULTS of the efforts of the United States department of agriculture to introduce in place of the box system of turpentine, which has been so destructive of the pine forests of the south, the much less injurious cup and gutter or cup and apron system, are evidenced in resolutions recently adopted by the executive committee of the Consolidated Naval Stores company, a representative association of naval stores producers. The resolutions were as follows:

"Whereas, The experiment made by the United States government, as shown by the various bulletins from the bureau of forestry, as well as the experiments of individuals, and the practical results obtained by the large

number of operators, it appears that the use of cups in the gathering of crude gum yields much larger results in quantity of spirits of turpentine produced, and a very great increase of the grades of resin, as compared with the box system of boxing; and

"Whereas, It appears that the use of cups is to the interest of producer and factor; tending to increase and perpetuate the life of an industry in which we are engaged, and to the general good and upbuilding of which we pledge our hearty support;

"Therefore, be it resolved, That we, the members of the executive committee of the Consolidated Naval Stores company, pledge ourselves to use every influence at our respective commands toward bringing about as near as possible the universal use of cups as against boxes in the production of naval stores.

"Resolved further, that we now declare it to be the policy of the Consolidated Naval Stores company to look with disfavor on the boxing of any timber for turpentine purposes in

"No, father," says the bantocous girl, "I will not want a new dress from 'what to graduate.'"

"What?" gasps the astonished and delighted father.

"I can have that old white dinner dress of mine made over for two or three dollars. It is just as good as new, and will look very pretty."

"And what is the subject of your essay?"

"I am putting in all my spare time and thought on that, father. I have chosen as my subject 'Economy in the Kitchen, or How to Reduce the Cost of Living.' I think I essay on such a topic will show better than anything else the fair young girl herself came into the library, took her
