

ROSELAND PARK/SEE US GO BY HOTEL GRISWOLD

Cemetery Association Now Ready to Sell Lots. Make Your Selection Early to Avoid Disappointment.

To anyone looking for a lot for a family burial spot this Roseland Park cemetery distinctly appeals. Only three miles south of Birmingham and two miles north of Royal Oak, its location certainly appeals to residences of both places.

A burial lot is about the last place of ground one wishes to buy, but the time comes sooner or later when it must be purchased. Think the matter over now when not under great sorrow and make your choice now in this permanent cemetery. Rates for lots are very low. For an investment more money has been made by purchasers of lots, who bought to sell than in any other way. This is true and can be shown to be so.

That Roseland Park cemetery is a solid institution and can never recede is shown by the following list of directors and officers:

Philip Breimeyer, president.
A. A. Hare, vice president.
John Western, secretary.
Franklin S. Dawey, treasurer.
F. D. Taylor.
Horatio S. Earle.
C. W. Pickell.
Willard E. Partridge.
John Benjamin, directors.

Thousands of dollars have been paid out for beautiful plots by the grounds of Mr. J. A. Wendorff, of Birmingham, superintendent, and a landscape gardener second to none in the U. S. He has given this cemetery his best care and interests, and his work proves him to be an adept in his line.

Prices for lots are very reasonable. Single graves are from \$7 to \$12 according to location. Lots in the different sections run from \$75 to \$2,800 according to location and the size of the lot needed.

Buyers of lots are assured that forever and aye their lots will be given perpetual care, and arrangements to purchase lots can be made by calling on the superintendent, thus enabling all who so desire to own a lot in this beautiful park cemetery. The lots now are offered to the public at a fair price. Read their ads in another column and use your own judgment.

Mr. J. A. Wendorff, superintendent of this beautiful park cemetery in Birmingham, phone 106, will be pleased to have you call him up or call on him at his home and he will be glad to discuss terms, prices and free transportation with you.

The time to buy a cemetery lot is when you do it long before you need it. Think it over.

Don't Break Down.

Serve strains on the vital organs, like strains on machinery, cause breakdown. You can't over-tax stomach, liver, kidneys, bowels or nervous system, without danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters, the matchless tonic medicine. Mrs. J. E. Nae de Sande, of Kirkland, Illinois, writes: "That I did not break down while enduring a most severe strain for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c at C. J. Shain's and Cobb-Stanley-Harris Company's.

BIRMINGHAM M. P. CHURCH NOTES.

Theme for Sabbath, Sept. 18, "The Living Temple." 2 Cor. 6:16. "Finding the Lost Sheep." Luke 15:4-7.

Young People's Prayer meeting at 6 p. m. Subject, "The Devil—how." James 4:1-10, 1 Peter 5:8, 9. Everybody is invited to these meetings.

The offering of our Sabbath school on Sept. 11 amounted to \$3.80 and the Peetree mass was purchased.

When Morit Wins.

When the medicine you take cures your disease, tones up your system, makes you feel better, stronger and more vigorous, you know that it is what Foley's Kidney Pills are, that is, all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness that is caused by any disorder of the kidneys or bladder. Sold by all druggists.

A NEW BLUE RAMBLER ROSE.

A new Blue Rambler Rose is offered for the first time in America, by the McCormick Nursery Co., Monroe, Mich. They secured the parent stock from the originator in Erfurt, Germany, an expert in rose all his life. This company grows a complete line of Trees, Shrubs, Plants, Vines, Roses, etc., and write that they want a reliable salesman in this vicinity. We advise anyone interested to write the company for particulars. They furnish free outfit and pay weekly. Experience is not necessary.

A Reliable Medicine—Not a Narcotic.

Foley's Honey and Tar is a safe and effective medicine for children as it does not contain opium or harmful drugs. Get only the genuine Foley's Honey and Tar. In the yellow package. Sold by all druggists.

Birmingham Now Holds First Place Among Oakland's Villages, Passing Three Towns.

In point of size, and as a place of residence takes precedence over all. During the past 10 years Holly, Rochester and Oxford have been passed.

And the great growth of Birmingham is due wholly to its location and surroundings as a strictly residential place. Excellent schools, churches, plenty of pure water, beautiful, shaded streets, and handsome homes combine to make it of the most desirable location for a home. Today there is no manufacturing plant in operation within its borders except the Wilson Railway Gate Company and flour and feed mills. Nothing better can be had.

Another thing that has been of great assistance to Birmingham and its growth, sister, Royal Oak, is the excellent service rendered by the D. U. R. give us as many cars, and every 20 minutes during rush hours.

When the trolley was first established it was claimed it would ruin the smaller towns, the reverse is true. Look over the following census figures and you will note that every town in Oakland county not only has electric road has been steadily on the trolley for the past 20 years. On the other hand, towns having an hourly service or less have held their own or shown only a slight increase, while the service served by the Pontiac line, with its 30 and 20-minute service, has absorbed more than the actual net increase in the county.

The officers and directors in the hotel company are as follows: President, Fred Postel; vice president, John Barlum; secretary, Fred Goodman; treasurer, Fred Wood; manager, M. A. Shaw. The connection of Mr. Goodman as secretary of the new company recalls that for many years his father was the proprietor of the old Goodman house, which was the predecessor of the present hotel.

In his years of experience as a bonafide Mr. Postel has caught the necessity for details of comfort, which he felt should be installed. After weeks of consultation with Mr. Shaw an elaborate plan of improvements was laid before Architects Van Leyen & Schilling. The plan was followed the month of work, and at last the Hotel Griswold emerges from the chaos, new, novel and complete in its appointments, and containing many features which are entirely original.

It was necessary to rearrange the entire ground floor and give up the billiard room to provide space for the new cafe. To enlarge the lobby and bar the old cafe on Grand River avenue was torn out and apportioned between the two, permitting rearrangement which greatly enhances the appearance of the rotunda.

There are two things which do not appear on the surface and to which the traveling public would be glad. One is a bath room and another is a hot water. To supply these features 100 bath rooms have been installed and obviate the necessity of a guest summoning a bell boy every time he desires a drink, as the rooms are in process of being equipped with running ice water. To accomplish this it was necessary to install a refrigerating system for all branches of the hotel, which gives an absolute degree of cold for the proper preservation of all foods and liquors.

The cafe consists of a main room, a double palm room at the north end and three private dining rooms on the west side, each with a distinctive design and furnishings. It is difficult to decide on the most attractive feature, but perhaps the lighting effects are the most striking, and they have been carried out with most happy results.

The lighting scheme and fountain, which have attained a splendid reputation in a few days, originated with Mr. Shaw and were worked out with the assistance of the hotel for 12 years, reflecting great credit on both men. There are five series of tinted lights, white, red, green, blue and purple, which are automatically rotated and diffuse a soft glow of changing colors from every nook and corner.

In the center of the room stands a beautiful electric fountain of green tile and translucent glass and the streams of water, falling through the changing rays of light, produce a charming effect. Overhead the tinted lights glow through hanging baskets draped with rambler roses, alternating with drop cluster lights of colonial type.

The main room is finished in fumed oak with the side walls in mottled gray and green, while the beamed ceiling is stenciled with mosaic designs. Supporting the ceilings are square pillars through which the light shines, partially hidden by lattice work entwined with rambler rose vines. The double palm room is a delight to the eye with its white enameled walls and ceiling and green wide crown. Here the ceiling is so recessed that the lighting effects are thrown from above.

In moving the cafe to the ground floor the Hotel Griswold has equipped itself with a splendid banquet hall and banquet hall. The old dining room on the second floor is reserved for this purpose and conventions of 500 can be easily handled. It is also the intended for dancing for dances and card parties in the winter months, something that will make it very popular.

On the same floor the large parlor

A Modern Hostelry of Highest Class Appointments, Including Beautiful Cafe With Finest Service

With the expenditure of \$125,000 for interior which includes a magnificent new cafe and bar, the Hotel Griswold has entered upon a new career under the control of a stock company headed by Fred Postel. It is 15 years ago that Mr. Postel leased the property from the Goodman estate and began a series of improvements which started with the erection of a big addition to the building.

Some time ago, in response to the demands of the traveling public, the European plan was adopted, and Mr. Postel decided to form a stock company in order that the burden of management would not devolve solely upon himself. He invited M. A. Shaw to become one of the company and manager of the hotel, and Mr. Shaw accepted, many of the changes conforming to his ideas. Mr. Shaw had been in Detroit for two years, during which time he successfully managed the Hotel Tuller, having come from the Stratford in Chicago.

The officers and directors in the hotel company are as follows: President, Fred Postel; vice president, John Barlum; secretary, Fred Goodman; treasurer, Fred Wood; manager, M. A. Shaw. The connection of Mr. Goodman as secretary of the new company recalls that for many years his father was the proprietor of the old Goodman house, which was the predecessor of the present hotel.

In his years of experience as a bonafide Mr. Postel has caught the necessity for details of comfort, which he felt should be installed. After weeks of consultation with Mr. Shaw an elaborate plan of improvements was laid before Architects Van Leyen & Schilling. The plan was followed the month of work, and at last the Hotel Griswold emerges from the chaos, new, novel and complete in its appointments, and containing many features which are entirely original.

It was necessary to rearrange the entire ground floor and give up the billiard room to provide space for the new cafe. To enlarge the lobby and bar the old cafe on Grand River avenue was torn out and apportioned between the two, permitting rearrangement which greatly enhances the appearance of the rotunda.

There are two things which do not appear on the surface and to which the traveling public would be glad. One is a bath room and another is a hot water. To supply these features 100 bath rooms have been installed and obviate the necessity of a guest summoning a bell boy every time he desires a drink, as the rooms are in process of being equipped with running ice water. To accomplish this it was necessary to install a refrigerating system for all branches of the hotel, which gives an absolute degree of cold for the proper preservation of all foods and liquors.

The cafe consists of a main room, a double palm room at the north end and three private dining rooms on the west side, each with a distinctive design and furnishings. It is difficult to decide on the most attractive feature, but perhaps the lighting effects are the most striking, and they have been carried out with most happy results.

The lighting scheme and fountain, which have attained a splendid reputation in a few days, originated with Mr. Shaw and were worked out with the assistance of the hotel for 12 years, reflecting great credit on both men. There are five series of tinted lights, white, red, green, blue and purple, which are automatically rotated and diffuse a soft glow of changing colors from every nook and corner.

In the center of the room stands a beautiful electric fountain of green tile and translucent glass and the streams of water, falling through the changing rays of light, produce a charming effect. Overhead the tinted lights glow through hanging baskets draped with rambler roses, alternating with drop cluster lights of colonial type.

The main room is finished in fumed oak with the side walls in mottled gray and green, while the beamed ceiling is stenciled with mosaic designs. Supporting the ceilings are square pillars through which the light shines, partially hidden by lattice work entwined with rambler rose vines. The double palm room is a delight to the eye with its white enameled walls and ceiling and green wide crown. Here the ceiling is so recessed that the lighting effects are thrown from above.

In moving the cafe to the ground floor the Hotel Griswold has equipped itself with a splendid banquet hall and banquet hall. The old dining room on the second floor is reserved for this purpose and conventions of 500 can be easily handled. It is also the intended for dancing for dances and card parties in the winter months, something that will make it very popular.

On the same floor the large parlor

can be used for wedding and meetings, and the reservation will be made upon application at the office.

The cafe was thrown open to the public for the first time Monday evening, when several hundred guests celebrated the occasion and showered their congratulations upon Mr. Postel and his associates, and they were remembered with numerous floral offerings. An aquatic orchestra played a delightful program of music under the leadership of Angelo de Michele, including the latter's famous composition, the "Fountain Waltz," which he dedicated to the hotel.

In keeping with the physical improvements to the property Mr. Postel and Mr. Shaw have surrounded themselves with a highly efficient working organization. Men of abundant experience and the business men of this city are in charge of the departments, so that the service from one end of the hotel to the other will be the best.

Alfred W. Wetherell, superintendent of the cafe, is favorably known to society and the business men of this city. For five years he was in charge of the Cadillac cafe and for three years manager of the Country Club, at Grosse Pointe. Last year he was assistant manager of the Minneapolis Club, and while there he was in charge of the banquet to President Taft, which was one of the finest ever given in the country.

John Pujola, the chef, has international fame. He worked for six years at Delmonico's when that was the leading cafe in New York, eight years at the Great Northern in Chicago, and two years at the Hollenden in Cleveland.

In the office are Seth Frymire and A. R. Kelso, day clerk, and Archie Johnson, night clerk. Mr. Frymire has been at the Griswold eight years and has worked up to the position of chief clerk. He is well acquainted with the traveling public of the state and popular on all sides. Mr. Kelso has been at the Planters' in St. Louis, the Brevoort in Chicago, and came here from the Downey in Lansing. He is a young man of much experience. Mr. Johnson has a large acquaintance in the state and this section of the country.

Arthur Jordan, who is in charge of the bar, is responsible for much of the improvement in that department. He is thoroughly versed in this important part of the big hotel and knows how to cater to the wants of the extensive patronage which the buffet is enjoying.

The comfort of the guests is not overlooked, as Miss Ray Leverage is a careful and painstaking housekeeper.

It Saved My Leg.

"All thought I'd lose my leg," writes J. A. Swensen, of Watertown, Wis. Ten years of eczema, that is, doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it, sound and well. Infallible for skin eruptions, eczema, salt rheum, boils, fever sores, burns, scalds, cuts and piles. 25c at C. J. Shain's and Cobb-Stanley-Harris Company's.

BIRMINGHAM M. E. CHURCH NOTES.

Sunday morning preaching at 10 a. m. Class meeting directly after services. Sunday school at 11:45 a. m. E. L. devotional meeting at 6 p. m. Topic, "Two Ways of Reading the Bible and their Results." Leader, Mrs. Whitney.

Evening services at 7 p. m. E. L. monthly business meeting Friday evening at the home of Miss Ella Adams.

The W. F. M. S. met with Mrs. Aaron Hancock, Thursday, Sept. 15. Subject, "Mexico." Leader, Mrs. Aldrich.

The Ladies' Aid society will serve supper in the church parlors Friday evening at 8 o'clock. Everybody is invited to one of the finest suppers the ladies have ever served.

About \$1,000 is being spent on improving the interior of the church. The long needed cushions and carpet make the up stair room more comfortable and home like. Another new furnace has been put in which will add greatly to the comfort of the congregations in the cold weather. The Sunday school room is to have linoleum on the floor and the walls are to be redecorated. One of the class rooms has been enlarged and a very nice room made for prayer meeting on Wednesday evening and the primary class on Sunday. The little folks will enjoy having more room.

Thieves broke into the general store of Ada Danbar in Franklin sometime during Sunday night and stole \$35 in money and two boxes of goods. The store of John Curran's, which keeps the postoffice, the robbers secured between four and five dollars in change. Frank Bowden's blacksmith shop was broken into and the tools shop with which the job was done. Windows were pried open and the yeggo left no clue to their identity.

WANTED.

At once. Men to represent us, either locally or traveling. Now is the time to start. Money in the work for right men. Apply at once and secure territory. Allen Nursery Co., Rochester, N. Y.
