# Final Clean-Up of Winter Coats

The most wonderful bargain's you ever saw in Women's Fine Coats. You will hardly believe your eyes when you see these values. I bought them at a fraction of their real worth, and this price is less than their cost to me. The goods unmade are worth more than this simply nominal price of only

I am really just about giving these Coats away, for they were made to sell at \$18500 to \$22.00. You just ought to come in—see what fine Coats these are. There being only one or two of a kind I cannot very well advertise the prices that I will make on what Women's Plash. Curocul. Plush-lined, Unitation Pony and Fur Coats, I have, but you can depend on saying about one-half, or every more, on the price of a Coat.

MEN'S OVERCOATS

Wh'le as lat: as January I made large purchases at the makers' close-out prices, yet my stock of cluth, Fur-lined and Fur Overcoats is pretty well gone, but what few I have left you may have at about your own price. I am bound to earry no Coats overfill next season, so you may expect to get a big bargain in an Overcoats.

Great values in Men's and Boys' Fine Suits.
