#### Don't Think I Can Fully

Upon your mind the almost unbelievable val-Upon your mind the almost unbelievable values I here offer.

If you were a merchant and came into my store and saw goods offered at retail at less than you had paid at wholesale for the same goods you would hardly believe your eves, would you? But it is a fact that I am offering even better goods (for they are samples) at prices much less than merchants pay for similar qualities. By taking the entire sample lines of the makers and jobbers I can offer strictly first-class goods at but a small fragree worth.

Elegant long Coats, no two alike, beautiful fine goods, correct in style, fil and finish; really worth every cent of their usual prices, \$16.50 to \$22.50. But your choice for only

\$8.75

Perhaps you think \$8.75 will not buy a Coat good enough for you, so come in and sea if \$16.50 to \$22.50 buys a better Coat elsewhere. These are Sample Coats.

A few \$10.00 and \$12.00 Coats, to clean up,

Just a few Plash, Curocul and Fur Coats left, but their prices are merely nominal. Children's long Coats go at \$1.150.
