What cause can be more worthy?

This handsome bungalow of J. F. Rundle's was sold Tuesday, to Mrs. L. Virginia Hewitt, of Woodward ave. It certainly is the sweetest home in Birmingham, and brought its owner, an even \$5,000.00. Mrs. Hewitt is to be congratulated in owning the prettiest and most complete home in Birmingham, and in one of the finest locations.

Say, look-a-here! It isn't always the men who smash down our wicker paper baskets, don't you think. Yesterday we saw a lady, a perfect sylph, — yes, just about a 200 pounder, slow and carefully settle herself down upon the basket in front of the D. U. R. waiting-room, and then, — yes, she poor and inoffensive w. p. p. sat up like a concertina, but it didn't open when she arose. Now, as there are many comfortable seats provided in the waiting-room, why, oh, why did she deal out this crushing blow?

The cozy home of Mr. and Mrs. Fred Trumbull was made merry Saturday afternoon by a crowd of girls and boys who gathered there to celebrate the birthday anniversaries of the Misses Lowry E. Kraft and Katherine E. Trumbull. The house was decorated with pink and green, and covers were laid for 27 little people. A three-story birthday cake with 16 lighted candles eight for each little girl's age, and the cake whistler found hidden in dainty little souvenirs, were of deep interest to all the little folks. The two little beauties received many pretty gifts from their friends. After playing games for some time, each small guest departed, thinking how nice her birthday was, and wishing for a birthday very soon, with just as nice a party to celebrate it.

Here is a lady Daffydill. After landing safely from her Wright-Burgess, after a trip to the South Pole, Miss Marion Clabe was heard to whisper: If George Mitchell stabbed his toe would Web Gray?

The waste paper basket corner W. H. Hoge & Co.'s was hari-kari-ed last Sunday night. The contents were scattered all over the corner. The basket flattened out and was thrown into the street to the danger of passing vehicles. Why do they do it?

We don't know whether to place any credence or not in him, but Col. Will S. Walker, formerly of Troy, the noblest Trojan of them all, tells us confidentially that: "Honestly, it is Henry Dennison who makes all this rinky, nasty, sour, disagreeable weather. Henry, stand up! Tell us if this is true, if so, it is us for a new weather man."

After having been especially requested to keep silence about the departure of Mrs. Mary C. Tabor for Los Angeles, Calif., we have read the item in the Pontiac Office in the Birmingham News, the Detroit Journal and several county exchanges. Therefore we gently announce that it is true. She was accompanied by Mrs. Tibbils, sister of Mrs. Fannie Shifin.

Lakes in Desert.

The Desert in Arizona, in the Pines, contains no 10,000 feet above the sea, contains no less than sixty lakes of varying sizes. These, according to local tradition, were left at the time of the flood: When the waters subsided it appears that Noah and his family landed on the Puah de Brigue, one of the highest peaks in the district. Convinced proof of the truth of this tradition is found in an iron ring to which the peasants declare, the ark was moored when the landing was effected.
