### Glazier Petitions Still Come In

Glazier Petitions Still Come in.

There is considerable speculation bout the state house as to what action bout the state house as to what action will be taken on the appliance of the state of Prank Programmer.

F. Glazier, he state of Prank of Prank Programmer of the extate treasurer's release. Up to the present time there has arrived at the executive office approximately 5,000 such post card requests, and about 200 letters from various parts of the state.

At no time has there been a sudden spurt of such requests, and the number arriving daily is about the same as when the campaign was first started.

One fact is known here, that Glazier

started.

One fact is known here, that Glazier has himself never made an application for a commutation of sentence, as he is suttlied to do. At the present time Glazier is employed as pharmacist at the prison, and his geberal appearance indicates that he is enjoying good health, although reports to the contrary have reached the capitol.

## STATE NEWS IN BRIEF

Detroit. Judge Alexis C. Angell tempered justife with mercy in the case of Mrs. Fannie Boughte. The Adrian votans who conclessed to staving forged the name of a relative to two pinesy orders of the face value to the two pines, in delicate health, came to berroit/to face the charge. The little ones caused two or three pittful scores. Judge Angell, in view of the fact that the woman had of her own initiative made restitution even before her crime was found out; imposed a fine of \$25\$, the deed having been done; willse the family pas in desperator straits.

L. E. Hasi of toning, second price to J. O. Prisich of Ravenina (third Rapida). William Mathews of Grand Rapida. Honorable mention was awarded to W. S. Smith of St. Johns, Carl Newberg of Grand Rapids, the Hugheson Fruit farm of Harbor Springs, Charles St. Grand Rapids, the Hugheson Fruit farm of Harbor Springs, Charles S. Harbor C. Grand Rapids.

A banquet was given in the Pantillind for the notable visitors to the show. Milton McRae, president, of the Detroit board of commerce, and the Castella printers of attractive buggalows line the sides of the big hall and fill the central part of the floor, all beautiful peture. Attractive buggalows lieve the sides of the big hall and fill the central part of the floor, all beautiful petures and evergrees, while one by their principal points of attractiveness is the wood from which they are constructed. It is white birth and comes from the big timber tract of D. H. Many odd effects will be found in the different booths and the Michigan John of the public of the half they where the proposed of the public. It would give the boasted think might, seriously about, for the displays demonstrate fully what Michigan can be found to the rest of their fives, for its certain that never before in Michigan, if anywhere, were so many and so fine apples exhibited to the displays demonstrate fully what Michigan can be considered as turning men from the Iron country Mining men from the Iron country. perfic straits.

Grand Rapids.— The Western Michigan Land and Apple show is proving such a success that the rail-roads have induced the management to keep open in the mornings. The attendance is a record-breaker. Governor Osborn was the success of honor at governor's night and delivered an truits and other horticultural products of the western part of the state.

Consider Tax Unjust.

Mining mon from the from country of the supper penigatina and Alexander Dow of the Detroit Edision company of the upper penigatina and Alexander Dow of the Detroit, Detroit, presented reasons to the state commission of tax inquirys as to why they considered the proposed corporate excess tax an unequal and unjustifiable tax. Frank A. Bell of the United States Steel corporation and William P. Belden of the Cheviana William P. Belden of the Cheviana William P. Belden of the Cheviana Changainst any attempt to Increase the fax on from mining properties and Mr. Dow said that any increase in the Anses of a public service corporation, such as the one he represented, is reflected back on the patrons who pay the taxes, at least indirectly. In determining the rates which see charged consumers, the amount of taxes paid must necessarily be considered, and when the itax runs above a certain per cent, then the consumer is affected seriously, as the tax intereres with the securing of certain business in which the margin of profit referse with the securing of certain business in which the margin of profit corottion to keep down its rates to the small consumer.
