Many people attended the W. C. T. U. county convention held in Pontiac last week Tuesday. Mrs. Parmenter gave the address of the opening meeting and it was followed by a very interesting discussion. The work of macadamizing Woodward avenue from the Eight Mile road north is progressing rapidly, and with a few days of good weather, they expect to have it completed to the southerly limits of Royal Oak village this fall. The farmers in Troy township adjoining us on the north have become interested in the good road project and they have started a movement to submit the question of continuing the road from Royal Oak through that township. Petitions will be circulated among the farmers with a view of submitting the question of bonding the township for an amount sufficient to build the road, to be voted on at the spring election. Rochester already has a stone road and should the project go through there will be a continuous stretch of good road from the northerly limits of Detroit to Rochester. Most of the farmers seem to be in hearty accord with the project as it would give them far more advantages than they now enjoy, for they state they could then haul their produce to Detroit with auto trucks make the trip quicker and with less expense than they do now. Peter Backer, supervisor of this township, states that he is in a position to know the feeling among the farmers in Troy township and he says that if the question of bonding the township comes up next spring for good roads is that it will carry by a large majority and the road will be built on through the township.

Royal Oak will be made famous by a sure thing, no water works proposition or anything like that, but a sure thing to happen Monday evening, Nov. 27, 8 o'clock at Stoy's hall. Getting interested eh? CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Birmingham who suffer from indigestion, indigestion, or dyspepsia, whether acute or chronic, to try the Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of anyone who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15-day treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c and \$1. Remember, you can obtain Rexall Remedies in this community only at our store—the Rexall Store.
