A family can suffer no greater affliction than to have a child subject to fits or epilepsy. Many a father or mother would give their all to restore such a child to health.
"I am greatly glad to tell you of our little boy who was completely cured of his convulsions, starting when at 1 1/2 years of age and had them for four years. I tried three doctors and one specialist but all of them said he could not be cured, but Dr. Miles' Restorative Nervine and Dr. Miles' Nervine and Liver Pills made a complete cure. He is now hale, hearty and gay. It has been three years since he had the last spell. I shall give you Dr. Miles' medicines praise wherever I go. You are as free to use this letter as you see fit and anyone writing to me I will gladly answer if they enclose a stamp for reply."

Malthoid Roofing

Wherever you see a roofing advertisement remember that its words of self-praise and description came from the original advertisements of the Malthoid Roofing makers—The Paraffine Paint Co. of San Francisco and Chicago.
Twenty-six years ago they said of their roofing all the nice things that are now said of every other roofing.
These "others" have stolen their words—imitated their methods—but they cannot duplicate the quality of Malthoid roofing—it always was the best and always will be.
Whenever you see a roofing advertisement think of Malthoid the original.
