Curt Criticism.

"I shall never forget my debut," Sir Charles Wyndham remarked to the writer on one occasion. "We opened at Washington, and I appeared as a character who had to declare, "I am drunk with love and enthusiasm.' Having uttered the first three words I was seized with stage fright and said no more. This is what I read in a New York paper next morning: 'As Mr. Wyndham represented a young man from South America. He had better go there himself.' "—Tit-Bits.
