### ROYAL OAK SCHOOL NOTES.

The suggestions made by Mr. G. C. Barlow, Jr., relative to having fire drills in the Royal Oak school is well taken and we shall be pleased to take the necessary steps to have the children drilled in marching out of the building. We need a fire song and the doors of our studies should be swung both ways, in order that there may be no confusion when the children reach the outside doors. Fortunately the halls are wide and the children can march out without any unnecessary confusion.

We regret to announce that Miss Paxton, principal of the high school, was called away last week Wednesday by the death of her aunt. Miss Paxton's classes in Latin and physical geography are being taught by Superintendent Miss Paxton will soon be able to resume her school work.

Every teacher in the Royal Oak school attended the state institute held at Pontiac last week Wednesday and was very much pleased by the able address given by Dr. Blair, of Ypsilanti, in a Supt. of Public Instruction Blair, of Illinois. Dr. Blair's address on the "Home and school, boys and girls, and waste in education" was well worth listening to. The institute was one of the largest ever held in Oakland county.

Laura Thomas, Vina Russell and Myrtle Gillette attended the lectures given by Drs. Hoyt and Blair at the institute. We wish more of the high school pupils could have heard these lectures. Dr. Hoyt, like Dr. Blair, don't come to Oakland county very often and Commissioner Craft is to be congratulated in securing such a capable and efficient educator to address the teachers.

Our school board have installed the driving boards in the school and there will be no more dangers about the caps and the dancings resulting from their use. Several of the rooms have been nicely decorated and present a very neat and attractive appearance. Let our work go on. We are very much in need of some good magazines for our reading book. If any one can spare a magazine we shall be pleased to receive it. Pupils want to keep posted on what is going on in the world and we could use a few good magazines to advantage.

High school pupils are making mortar bricks in spelling and are doing excellent work. Later on we shall have a spelling contest.

As soon as we can arrange for it we expect to give a "Get Acquainted" social at the high school. We want all the people of Royal Oak to take a few minutes off and come prepared to have a good time. A program consisting of short addresses, music, etc., will be given to be followed by a light lunch. Turn out and help the school along. Royal Oak is a growing town and let every one do their part in making it blossom the town. Your boys and girls are the best asset the town has. Program will be announced later.
