The **Imperishable Silo**
Made from **Interlocking Vitriified Blocks**

Is not an experiment. It has been tried out in Eastern Ohio for six years. It combines the moderate cost and efficiency of the stave silo, but is as durable as granite. No decay. No painting. No tightening of hoops. Not a cement silo. Not affected by silage acid. Silage keeps perfectly.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, consumed the incurable. Science has shown catarrh to be a constitutional disease, and therefore requires constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHEFFEY & Co., Toledo, Ohio. Sold by druggists, 75c.

"The Only Thing That Will Relieve Neuralgia."

The piercing pains of Neuralgia, which often follows a bad cold or La Grippe, are frequently almost unbearable and few medicines afford any relief to the sufferer.

"I am a rural mail carrier and have been a user of the Dr. Miles medicines for years.

Dr. Miles' Anti-Pain Pills can't be beaten. They are the only thing I have found that will relieve my neuralgia and I have tried most everything, besides medicine from the doctor. I am willing to tell anyone what the Anti-Pain Pills did for me."

CHARLES HILDEBRANDT, Box 205 Woodville, Ohio

"If you, like Mr. Hildebrandt, 'have tried most everything' in vain, why not do as he did, fight your aches and pains with Dr. Miles' Anti-Pain Pills. Let the pills bear the brunt of the battle. No matter how stubborn the contest, they will come out victorious.

Dr. Miles' Anti-Pain Pills stand on their record, which is a long list of cures extending back a generation.

Druggists everywhere sell them. If retail package fails to benefit, your druggist will return your money.

Why Farmers Should Keep a Bank Account

Their Bank deposit book affords them a complete record of their cash receipts, while the stubs of their check books are a perfect record of expenses and payments. Paying a laborer, a store account, or any other bill with a bank check is much safer than with money, because you avoid the risk of handling the actual cash, and the indorsed check returned by the Bank is the best kind of a receipt.

Farmer, try the experiment for one year of keeping a bank account and see if it does not pay you. A large number of the best farmers have accounts with us now.
