Hanna's Green Seal "The Made-to-Wear Paint"

If you expect to do any painting, you are interested—you should be—in the quality of the paint to be used. In any given job of painting, labor represents practically two-thirds, material one-third the cost. It stands to reason that with so much expense in labor, the enduring quality of the paint is all important. Why have the painting done unless the protection and durability of the job is sought? How is one to determine the true value and obtain paint that may be depended upon for durability? HANNA'S GREEN SEAL PAINT IS NOT A SECRET. This paint has the printed formula on every package. The makers have confidence and take pride in the quality and tell the public the composition of the paint. 'S THIS OF ANY VALUE TO YOU? IT OUGHT TO BE. FOR SALE BY W. H. HOGE & CO., Birmingham
