United Presbyterian Church Notes—Theme for Sabbath, June 18, "Prayer God." Mal. 3:10.—Mr. John Donaldson will give a brief report of the Men's convention and general assembly which was attended as a delegate of the Detroit presbytery.—The Young People's Prayer meeting at 6 p. m. "Grace for Common Duties" is the subject. Eph. 4:25, 26. The pastor will be at Troy in the evening at 7:30 p. m. No preaching service at Birmingham in the evening.—The offering of the two Sabbath schools at Children's day amounted to over \$7, given to the board of publication.

NOTICE TO THE PUBLIC.

Believing in the Sanctity of the church edifice which has been dedicated to the worship of God, we earnestly deplore the custom which has made our church considered the Public Hall of the town and believe the time has come when the Official Board should declare itself definitely and finally in this matter.

Resolved, second, that in view of the fact that there is no public hall of suitable proportions in Birmingham, that we cheerfully grant the use of our Auditorium, if desired, one evening a year only, for Commencement exercises and the same to be used entirely without decorations or alterations of any kind.

Resolved, third, that these resolutions be spread on our minute record as the law with regard to the letting of the church, and that they also be published in the BIRMINGHAM ECCENTRIC.

Passed by the Official Board of the M. E. Church, June 5th 1911.
GUY L. WATKINS, Secy.

AT THE SUMMER RESORT

Katherine—Yes, a man has come here, but he is only a hired man. Virginia—Of course; no man would be likely to come here if he wasn't hired.

Considerable Danger Involved. A Pittsburg woman wants all girls married men to wear a ring so that girls might recognize them. But such a sign might unnecessarily expose the back-logs.

HIS GAIN.

"What do you gain in your deal with Smith?"
"A great deal of respect for Smith's business ability."

The General Electric Radiant Toaster

It is a pleasure to watch the toast become crisp and brown, and then remove it from the G. E. Radiant Toaster at the precise moment it is done.

produces crisp, delicious toast, on the dining-room table. It makes toast by radiant heat—the correct way. The center of the bread becomes heated before the outside is browned over, thus allowing the necessary chemical changes to take place, without which toast is soggy in the middle and hard on the outside.

The General Electric Radiant Toaster lightens breakfast tasks and quickly pays for itself by saving time and bread. Come and see a demonstration of this electrical convenience.
