"I Suffered Intense Pains in My Left Side."

Do you realize it is better to be safe than sorry, that it is the best policy to lock the stable door before the horse is stolen?

Dr. Miles' Heart Remedy cured Mrs. C. C. Gokery, of a stubborn case of heart disease, such as thousands are now suffering with. Read what she says:

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had grown so weak that it was impossible for me to do thirty minutes work in a whole day. I suffered intense pains in my left side and under the left shoulder blade. I could not sleep on that side, and was so short of breath that I thought I should never be able to take a full breath again. The least excitement would bring on the most distressing palpitation. I had scarcely taken a half bottle of the Heart Remedy before I could see a marked change in my condition. I began to sleep well, had a good appetite, and improved so rapidly that when I had taken six bottles I was completely cured."

MRS. C. C. GOKERY, Northfield, Vt.

If you have any of the symptoms Mrs. Gokery mentions, it is your duty to protect yourself.

Dr. Miles' Heart Remedy is what you need. If the first bottle fails to benefit, your money is returned. Ask your druggist.
