### Fail to be Present at the First Count The Water Way Between' Detrott and Buffalo. The Only Way For Peace and Comfort.

Friday Eve. June 30th.

On Friday evening June 30th. next, at seven o'clock, a \$10 gold piece will be awarded to the Eccentric's leading lady contestant, by the committee on first count, Measrs. Bigloow, Blackside and Campbell. As the time grows near for the first count many, are getting anxious to know who the lucky contestant will be.

The ballot box will close promptly at 7 o'clock, Friday evening, June 30th., and the Judges will proceed to count the votes at once, and award the prise of \$10 in gold to the contestant who has the largest number of votes.

The Eccentric voting is somewhat like any other election—you cant tell who is the winner antil the final count: Sometimes the last is first and the first is last. There are liable to be some 'dark horses' in this race who are not making much noise or saying much; they are too busy getting votes.

Of course if you win this special prize of \$10 in gold your votes will count on the plann and other valuable prizes, at the close of the contest, this is only to get everyone star ted and repay them for getting these votes. But remember you are getting tree votes. But remember you are getting the your votes will the post of the contest is started.

The contest of the contest is star

that it has not at some time in its fifty years of existence pitched its ten acres of canvas. It is considered in New York the most popular show that exhibits that city. When it last exhibited there its parade received unbounded praise. The show now has 350 performers, the majority of whom are from European and Anialide coantries. There are 100 big acts on the program. The menagerie is a wonderful zoological collection. The entire equipment of the citcus is brand new.
