TO Cure a Cold.

To a trained nurse is due this somewhat unusual care for a cold which, if taken in time, she says, is infallible. To a glass of milk add a teaspoonful of powdered ginger. Sip slowly. If a sense of chilliness is felt the milk can be made hot, but not boiled.
 This simple remedy has been known to break an apparently bad cold over, but should be taken when the first creepy sensations are felt.

"I was Crippled, could hardly walk and had to Crawl down stairs at times on my hands and knees."

My doctor told me I had an acute attack of inflammatory rheumatism. I was in the hospital for weeks, but was scarcely able to walk when I left it. I read about Dr. Miles' Nervine bought a bottle and began to get better from the start and for the past six months I have had scarcely any pain and am able to walk as well as ever. J. H. SANDERS, P. O. box 5, Rockaway, N. J.
 Few medicines are of any benefit for rheumatism, but Dr. Miles' Restorative Nervine did for it. One ounce of salicylate of soda added to one bottle of Nervine makes an excellent remedy for rheumatism, which is now known to be a nervous disease and therefore subject to the influence of a medicine that acts through the nerves, as does Dr. Miles' Nervine.
 Sufferers from rheumatism seldom fail to find relief in the use of Dr. Miles' Nervine, with salicylate of soda.
 Sold under a guarantee that assures the return of the price of the first bottle if it fails to benefit. At all Druggists. MILES MEDICAL CO., Elkhart, Ind.
