THE FATE OF EMPIRES CIVILIZATION CLAIMED TO BE A "RECURRENT PHENOMENON"

The meaning of life has it all ages been the goal of human thought and the great extensions of our knowledge of the past, by the deep of our knowledge of the past, by the wear of recent years, enables us now to view the course of human changes with more complete ness than has been the case before. In place of the course of human changes with more complete ness than has been the case before. In place of the course of th far as we can ascertain. Hence the Moliva mean evillation seems a dittinct unit, mean evillation seems a dittinct unit, and falling together as one body. The Mesoponatina civilitation is in a different phase to that of the Mediterranean, but its period is about the same.

A stinilar period of about 1.00 years has occurred in India and Mexico. The Etruscan sages curred in India and Mexico.

There may have been death in the possible happenings in a space of a chicle to which he belongs. There may lew years' time. Thus it may be seen have been percent attails. There may why a man often finds it hard to have been percent illness of liness of the control of the cont
