It gives relief at once, the first moment you use it. It is not an internal medicine and contains no opiates or habit-forming drugs, which are used in many hay-fever and asthma treatments. Deafness Cannot Be Cured. In local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of 10 are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY, Toledo, Ohio.

Atrociously Cruel Sport. The Mexican flag. Some people have queer ideas of sport. In Vaso de Leven it seems to be considered good fun to tie a live rat to the foot of a seal-ib and allow the pair to fight for the mastery. One of three guarantees, which were the principal clauses of the "Plan of Iguala," published February 24, 1821, a carcass which must have been at least six weeks old.—London Mail.

The Mexican flag, whose colors are white, green and red, representing respectively purity, unity and independence, had its origin in what are styled the "three guarantees," which were the principal clauses of the "Plan of Iguala," published February 24, 1821, a carcass which must have been at least six weeks old.—London Mail.
