

Results of "Haynox" Told By Sufferers

A remarkable feature of the testimonials we receive is that although the average sufferer has been a victim of hay fever from 10 to 40 years, Haynox has produced immediate and lasting relief. We quote you a few letters below.

"Does All You Claim"

I can truthfully say that Haynox did all that you said it would do for hay fever sufferers. I would advise anyone afflicted with hay fever to use Haynox. You have my permission to use this.

Suffered 8 Years

I am glad to be one who can say a good word for "Haynox." I have been afflicted with hay fever for about 8 years, and found no relief in other remedies. Last summer I used Haynox, which gave relief after the first dose, and was so much benefited that I did not lose a night's sleep during the season.

Suffered 15 Years

I most highly recommend "Haynox" as a relief to hay fever sufferers. For 15 years I have been troubled with the above-mentioned disease and never until the summer just passed have I found relief. After the first two trials I noticed a vast difference and in a few days I apparently felt as well as ever. I can say nothing too good for the remedy, Haynox.

Suffered 19 Years

I am perfectly satisfied with Haynox. Considering that I had hay fever for 19 years, it is something of a relief to know that Haynox will cure and give instant relief. Words cannot express how grateful I am to you for my cure.

VASSAR, MICH.
MRS. J. F. SWEET.

Suffered 20 Years

I am 69 years old, and have been suffering with hay fever each season for more than 20 years. My attention was called to your remedy, Haynox. After sending for a free sample, I was convinced that there was virtue in it. So I sent for 30 days' treatment, which added me over the season nicely, and saved me intolerable suffering.

Tried Them All For 16 Years

I had hay fever in one of the worst forms for 16 years. During this time I tried almost all the medicines and devices known to the medical world, but got no relief whatsoever unless I changed climates. I decided to send for a trial treatment of Haynox. This trial treatment acted wonderfully, so I sent for the 30-day treatment. By the time I used half of this treatment my hay fever had disappeared. I certainly am grateful for Haynox for it acted beyond my expectations.
