

Hay Fever Cured at Home

Remarkable Discovery that Gives Instant Relief and Cures Even the Worst Cases

Trial Package Sent Free by Mail. No Longer any Reason for Leaving Home and Friends

"I never suffer any more with Hay Fever, Haynox cured me," says Laurie May.

A new remedy called "Haynox" has been discovered which at once relieves all the terrible symptoms of hay-fever. It gives relief at once, the first moment you use it. It is not an internal medicine and contains no opiates or habit-forming drugs, which are used in many hay-fever and asthma treatments. It takes a few seconds to use it—the terrible symptoms disappear immediately and the results are lasting.

A prominent user of this remedy, living in Detroit, says: "The first minute gave me relief. Then all the symptoms vanished like magic. The hay-fever has never returned, even during the prevalent season. It is wonderful. Nothing else for 25 years ever gave me relief."

The results of "Haynox" in hay-fever have been astounding. If you are troubled with hay-fever in any form send name and address on the coupon below for the free trial package.

The hay-fever season is now at hand. If you have had hay-fever before, you are sure to have it again. Treat yourself now so it will never come back. See testimonials on third page of this paper. Send for the trial package today.

THE IMPERISHABLE SILO

Soon wins against all competition. It makes friends and enthusiastic admirers wherever it is introduced. Being built of patented hollow blocks of glazed vitrified clay, a material that lasts always. It wins immediate favor over the decaying, shrinking, tottering, storm-tossed stave silo, and being impervious to moisture. It keeps the silage perfectly clear up to the wall and is therefore superior to any form of cement. Our Silo is not a cement silo. THE IMPERISHABLE is strong, needs no paint outside or coating inside. Simply ideal.

Deafness Cannot Be Cured. By local applications, as they cannot reach the inner portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of 10 are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured (Halls) Catarrh Cure. Send for circular free.

"The Liver Pills act So Naturally and Easily."

Such a statement, coming from the cashier of a bank, shows what confidence responsible people have in these pills. Mr. A. L. Wilson after trying them wrote:

"I have used Dr. Miles' Nerve and Liver Pills and also your Anti-Pain Pills, on myself, with good results. The Liver Pills act so naturally and so easily that I sorely know that I have taken a pill. Frequently being troubled with headache, I take an Anti-Pain Pill and get immediate relief in every case." A. L. Wilson, Sparks, Ill.

Mr. Wilson was for a number of years cashier of the First National Bank of Sparks.

Dr. Miles' Nerve and Liver Pills

are different from others. Many kinds of liver pills are "impossible" after one trial on account of their harshness. Dr. Miles' Nerve and Liver Pills do not act by sheer force but in an easy, natural way, without gripping or undue irritation. They are not habit forming.

If the first bottle fails to benefit, your druggist will return the price. Ask him, MILLS MEDICAL CO., Elkhart, Ind.

Great Peanut Eaters. Americans are the greatest peanut eaters in the world—they would be, even if there were no circus. In 1907 and 1908 Japan exported 17,000,000 pounds of peanuts, and the United States took nearly all of them.

Germany Forced to Import Food. Owing to the rapidly growing population in Germany, especially in the industrial cities and towns, and the relative scarcity of productive land, the nation becomes each year more dependent upon other countries for its food supply.
