THIRTY-FOURTH YEAR. NO. 18.

BIRMINGHAM, OAKLAND COUNTY, MICHIGAN, FRIDAY, SEPTEMBER 1, 1911

WHOLE NUMBER, 1731

Prof. J. W. Rainey Caused Much Sadness, Sorrow and Disappointment by Absence.

Well, he didn't comeafter all and we are just more than in grief. Jos is not going to come but sends a letter that helps assuage our grief. We thought perhaps he would bring Mrs. R. and we might hear once again the song we heard theusands of yearts gro—it seems that long. "Somebody comes tap—tap—ping at the Garden Cate." Remember?

San Los Cal. Acc. Com. 2017.

rospy:s numey Remedy (Liquid) is a great medicine of proven value for both acute and chronic kidney and bladder. aliments. It is especially recommended to elderly people for its won-derful tonic and reconstructive qualities, and the permanent relief and comfort it gives them. Sold by all druggists.

Miss Jalia M. Wilson,

This in Part 1st. from an Irate Tax The Hartford Fire Ins. Co. Pay Who wants to Know Why He Pays and Gets 0.

The Question that is worrying the people nowadays is: "How can we water the Grand Trunk Railway when we can't water our tax-payers! We have got to put in larger pumps, and also enew boilet."

We have lots of water, but never mind the G. T. R. must have water, and we tax payers will take what we can get.

and we tax payers will take what we can get.

To dig, lay and cover this give will cost close to four thousand dollars, figured at \$1 per foot. Now if you will think flow much more fire protection you will get than you do new from his creek water. You will get what the boy shot at, (knot.)

They say for fire protection? Stop and think about the force, but it will help to water the street o. k., but don't let them say for fire, finis is a very small hole. Now, what we want is improvements for the behalf of the tax payers. Novem mind onlying Get in Richard Stop of the say that the say that they have been such as the same than they are the control of the same than the same than they have control of the same than the same than they would pump it themselves, if not, they would pump it themselves if not they pump it themselves, if not, then but a pumping station down
