

Malthoid Roofing

Most roofing guarantees are a joke. Experience teaches the longer a roofing is guaranteed to last, the poorer it is.

Manufacturers inexperienced in making roofings—without knowledge as to their dependability—without responsibility as to their own financial standing, will very often guarantee their roofing for any number of years simply to get the order.

The roofing generally fails and so does the firm that makes it and they never live to make good their guarantee.

Malthoid Roofing is made to make good and while its manufacturers guarantee it, their guarantee is unnecessary because the roofing in itself is sufficient to do all that is claimed for it.

For twenty-six years, The Paraffine Paint Co., of San Francisco and Chicago have made and guaranteed their roofing and not one single purchaser can ever say that Company has even hesitated to make good a guarantee.

You can depend upon the responsibility of the makers of Malthoid Roofing, and you will never have to bother about guarantees if you use Malthoid Roofing.
