

THIS IS THE BEST POLISH EVER USED

That's What Every One Says Who Tries

Black Silk Stove Polish

Don't imagine for a moment that all brands of stove polish are the same. Black Silk is every day's. It is a question of re-peated application. Black Silk Stove Polish is so much better than other stove polishes that there is absolutely no comparison to be made. It makes a brilliant gloss shine that doesn't rub off or dust off. It comes to the iron-becomes a part of the stove. It makes old stoves look like new and lasts four times as long as any other shine.

Get a can and give it a trial. Try it on your parlor stove, your cook stove, or your gas range. If you do not find it the best stove polish you ever used, your dealer is authorized to refund your money. Black Silk Stove Polish has been made by the same formula and sold under one name for 30 years.

Here is what some of the ladies write us:

"I sent you for a can of Black Silk Stove Polish and found it so much better than any I had ever used that I asked my husband to order a supply. He did not see such a difference in stove polish."

"I was visiting friends and they used Black Silk Stove Polish on their stoves. It made the best shine I ever saw, and after Black Silk, no other stove polish. It is the way around of any job I have ever used."

Ask Your Dealer - Get a can more than the ordinary kind, so you'll have the best. Made in liquid of purest quality.

Black Silk Stove Polish Works, Sterling, Ill.

Use Black Silk Air-Drying Enamel for grates, firebricks, registers, stoves, etc. Prevents rusting. Not affected by heat or cold. Finishes a permanent enamel, only 25 cents. Ask your dealer.

Use Black Silk Metal Polish for nickel, brass, silverware or tinware. It has no equal for use on automobile.

A Nervous Woman Finds Relief After Many Years

Women who suffer from extreme nervousness, often find much suffering before finding any relief. Mrs. Daniel Kintner, of Defiance, O., had such an experience, regarding which she says:

"I had stomach trouble when I was eighteen years old and have had it ever since. I suffered with nervousness, headache, indigestion, and nervousness. I would have them three or four times a week. After trying many remedies, I began taking Dr. Miles' Nervine, and I must say it helped me wonderfully. I have had no severe nervousness for several years."

MRS. DAN KINTNER,
1001 Pleasant St., Defiance, O.

Many remedies are recommended for cases of the nervous system that fail to produce relief because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

Spent \$30,000 Sending a Promoter to Jail

After taking up seven months of the time of the Court, and the Government has spent \$30,000.00, the members of a spectacular firm of Wall Street brokers "fessed-up" and received jail sentences. The firm was charged with selling the public stock in a fraudulent mining promotion and using the mails for the dissemination of false and misleading information. Shakespeare made Hamlet the medium of this brute, saying: "Every man has business and desire, such as it is." The business of speculative enterprise is to appeal to greed, and the desire to separate easy people from their substances. You have laughed at the story of the man who mortgaged his home to buy an automobile, a sacrifice to pleasure; but the man who mortgaged their future, the provision for age and dependents, in a gamble against almost certain loss, are far more numerous. In fact, almost \$1,000,000.00 of somebody's hard earnings went into this hole alleged to be a copper mine, but where no copper, other than the burnished metal of the promoters' check, existed. It is the man who builds his dollars out of dimes, the home, the farm and business out of the dollars, that the

Beware of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, comes on the market and is taken internally, acting directly upon the blood and mucous surfaces of the system. In this way Hall's Catarrh Cure is sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by druggists. Price 75c per bottle.
