There were red-hot political arguments in those days and the terms "nigger-love" and "copperhead" were often passed between the occupants of the bench. One day the Colenel and Uncle Mike were nearly coming to blows and Uncle Josiah had tried in vain to butt in with his never ending tale of "when I was farmin' it, up in the town of Mundy, Jinnysee caounty," and the prospect for bloodshed was very imminent, when Uncle James rose to a point of order. "You two haint got so much sense as old man Gates when he got so warmed up over the campaign that he decided to make a dimmycrat pole outen a bustin' big hickory tree growin' front of his house. He commenced at the lower limb to trim it, setten straddle and sawin it off twixt him and the tree. His wife ran out and yelled 'For the land sakes Hiram, what er ye doin'? You'll jest nachelly break your fool neck!' 'Shet up, ye fool woman,' said Hiram, sawin' away for dear life, 'What'n hell do you know 'bout politics?' "

This year the custom is being followed of sending to parents notice of a pupils delinquence in work, attendance or punctuality. These delinquent notices, as they are called, are sent out once a week if not up to the desired grade. In many cases a noticeable improvement in the pupils' work has followed such notification. It is hoped that all parents will act promptly upon these suggestions, thus helping the school to maintain a high standard of efficiency as well as helping to prevent so many disastrous failures during the year. The teachers will be glad to confer with parents concerning the progress of the pupils in their charge.

Home Builders Want Good Lumber

In fact, most of them absolutely insist on getting the best that their money will buy, and in that particular we heartily agree with them, because that is just the way we buy all our Lumber. It must be strictly up to the grade. There are some manufacturers, however, who interpret grades more liberally than others, and you can bet your last dollar that we know who they are. Because of this inside knowledge we're not afraid to put our Lumber up against any in the country. Come in and look this Lumber over and let us make you prices.
