 Putting out good printing is our business, and we will do it for you. We say good printing we don't mean fair, but the best obtainable. You see "Missouri" give us a trial and we will Show You

The Little Old Bundle

"When I was convalescent I ceased to fume and fret; my griefs were evanescent—for I was out of debt! I paid the blooming nurses, I paid the sawbones, too; the druggists got their purses—and still I had a few! You don't know a blessing a roll of boodle is, till maladies distressing throughout your system whiz! I have no doubt that worry o'er debts that they must face sends sick folks in a hurry out to the old bones place. If, reader, you're unthrifty, then take this hurch of mine: A bank account is nifty, put dollars down in brine. For sickness and disaster for you their webs may spin; when coins go fast and faster and none are coming in; when you are in a black age of sickness and expense, you'll wish you had 'a package of dough in evidence!'"

This is a prose poem by the inimitable Walt Mason. It is the homely song of thrift and provision. It ought to catch the conscience of the men—who are apparently indifferent to the all-important matter of making provision against the day of sickness, the time when age slackens the earning capacity. Have you ever thought of the "package of dough in evidence," the NIFTY BANK ACCOUNT? If these serious things concern you, the
