ROYAL OAK SCHOOL NOTES.

The eighth grade is taking up the study of Michigan history with its review of United States history. What do you know about the history of your own state?

Several pieces of apparatus were recently added to the physical laboratory. These will be of great value in the work in light and electricity.

We know you are interested in advancing your schools in every way. We should make the same as beautiful and pleasant as possible, thereby encouraging the pupils to do their best work and remain in school. Supportive entertainments to be given for this purpose.

On Friday evening of last week a committee of the Royal Oak W. C. T. U. had charge of the chapel exercises and presented the school with a picture of Frances E. Willard.

Stop! Look! Listen!!! Big grade entertainment! Where? School building. When? Friday evening, Mar. 22, 8 o'clock. Cost? 25c. Why? Boost your schools. How? By decorating interior with pictures and statuary.

A very successful program was given by the Literary club last Monday evening. Every seat in the room was occupied.

R. G. Collins, Postmaster, Barnegat, New Jersey, was troubled with a severe griping cough. He says: "I would be completely exhausted after each fit of violent coughing. I bought a bottle of Foley's Honey and Tar Compound and before I had taken it all the coughing spells had entirely ceased. It can't be beat. All druggists."

FINE MONUMENTS!

Let me figure on your work. I can save you money. New and up-to-date designs.
