Mr. Editor:- Michigan My Michigan All the way from Michigan to Florida and back again without an accident but am glad to say that we had a good time. But better yet we saved about 5 tons of coal besides the terrors of a long cold winter. Now I will tell you a little story, not a fish, but a cotton story. At Kitzgeral Ga., we saw cotton picked and taken to the Gin. We saw the seed taken out, then taken to the cotton factory and carded and made into rolls, then spun and made into thread and so on to the weavers, coming out cloth of different grades. We saw the cotton seed repicked, ginned then ground into meal and the oil taken out, then the oil cake dried and ground into cotton-seed meal, such as the farmers use. All of this in one day. Next day, I helped to plant potatoes. H. F. Daniels.
