Itched So He Could Not Sleep

"On July 27, 1909, we left Boston for a trip to England and Ireland, taking baby with us. After being in Ireland a few days a nasty rash came out all over his body. We took him to a doc. The trouble started in the form of a rash and was all over baby's body, head and face, at different times. It irritated, and he would scratch it with all his might. The 'consequence was it developed into sores, and we were onlist face, would leave nasty scars on his face, when we reached England we took baby to another doctor, who said his condition was due to change of food and climate, and gave more medicine. The rash got no better, and it used to held the did not at night so bad that the child climate, and gave more medicine. The rash got no better, and it used to the did climate, and gave more medicine.
