"THE MADE-TO-WEAR PAINT"

Has stood the test of time and has been improved in quality with the passing years.

Many brands of paint are offered for sale and quite often careful scrutiny is not given the subject with reference to the quality of the paint to be used.

EXPERIENCE IS A GOOD TEACHER. TEST THE QUALITY. It is a good idea to learn the composition of the paint you intend to use. There is a difference.

The printed formula appears on every package of Hanna's Green Seal Paint.

This is an evidence of good faith and attests the confidence the makers have in their product.
