ight, by Underwood & Underwood, N. Y.

The very latest hat gramment for evening wear for the debutante is made of spum glass. This is to rival the electric light ornament for the colf-free, originated in Chicago. The effect on the head is very pretty and fashes of brilliant colors show as the wearer moves to and fro under the electric light.

w tucks; a box-plait is taken center, in front, on which a row ill buttons is sewn. Plain mate-used for the collar and cuffs re edged with a frill and a fold-ifed satin.

The tunic haper.

The Tunic hashionable.

The tunic has vogue that will remain until his in vogue that will remain to the first happen of the tuning that his happen on many of the newast gowns. It may, however, vary conductably in leight, the very short one, falling just to the knees, being the intent style.

It is a mode that must be adjudged to sait individual wearers, though, as figure. A charming house dress recently seen has a skirt of broad stripe black and white taffets, with a tonic of rich petunic colored cloth edged with dull silver fringe.

edged with duit surver irruge.

For Soiled Coat Collars.

To clean coat collars try the following way: Instead of a cloth, which has to be kept in motion for a long while to avoid leaving a ring in place of a spot, use an old tooth breath. Dip it into the naphtha until thoroughly saturated, then a few brisk rubs and the spot or grime has left for parts unknown. The most delease we'rest would not be advisable to use a brush on any fabric like satin.

Crepe Underclothes.
Cotton-and silk crepe are in favor new for all articles of lingerie. Bith wash admirably. Some of the finest cotton crepe is wooderfully attractive and admits of hand work to excellent advantage.

Fine Neckwear.

e hewest effect\_in neckwear are milles bits of fine net and lace eld to a stock and maintaining a broidered in evides and triamed with the clien wheth connects he front from the bits very ribbon, made one of the client with the back.

Treed of it.

The four-year-old had taken his reproof in a gratifying spirit, had admitted his fault, and sued sweetly for
pardon. Encouraged by his receptive
actitude, his mother ventured to add
a few general eithical truths; but with
the first hint of transition from the
concrete to the abstract a mild resentment Jawed in his eye.

"Mother," he demanded, respectfulbut firmly, "when is this conversation going to stop?"—Harper's
lazar.

### **ERUPTION COVERED BODY**

ERUPTION COVERED BODY

"Three years ago this winter I had a breaking out that covered my whole body." It iched so it seemed as if I believe the seemed as if I believe the seemed as if I bittle pimples on my back and apread down to my knees, also my arms down to my knees, also my arms down to my elbows. Where I scratched it made sores, and the terrible itching and burning hept me cludes to try puriod seemed as the control of the control o

Tault."
The major's deal for the auto went inrough three days later, but he did not let the excitement of it upp him frem the trail of the would be about the tendence of the trail of the would be about the tendence of the got to cleave. The days later he and Miss Marjorie were riding out the major had been and the three sons in running the machine and felt that he knew all about it. He had done very well for an hour at a slow pace—so well that he decided to hit 'er protested, but the hitting took place, so well that he decided to hit 'er protested, but the hitting took place, just the same. Half a mile had been covered when the machine swerred meadow and began to cut up all kinds of circus tricks. It wiggled and wobble which we had to the highway into an unferned meadow and began to cut up all kinds. Marjorie's screams, and the major's was the whikers off of situmps. Young Harry Thurston beard Miss Marjorie's screams, and the major's was word and calls for help, from the brook where he was fishing, and he was soon on the scene. He dodged here and there and shouted instructions, but the major was regarding continuing her iscreams. The only way was to take a flying leap for the footbeard as the machine came along. It needed courage and confidence, but the young man landed right, and soon for fine attempts abduction.

The result he told bis sisterinlaw of the said.

"And then said he owed me his like." And then said he owed me his like." And the daughter?"

"She said I must be an idiot to make such a mistake, and then added that she was giad I did."

"And may here arm and the visit you about a year frem mow."
