The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is **CATARH**. Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in their cure that they offer \$100 for any case that it fails to cure. Send full list of testimonials. Address: F. J. CHERRY & Co., Toledo, Ohio. Sold by all druggists, 75c.

To Head-Off a Headache

Nothing is Better than Dr. Miles' Anti-Pain Pills They Give Relief Without Bad After-Effects.

"It gives me great pleasure to offer a word of recommendation for Dr. Miles' Anti-Pain Pills, as there are thousands suffering unnecessarily from headache. I was afflicted intermittently for years with headache and after other remedies failed, I tried Dr. Miles' Anti-Pain Pills. For the past ten years I have carried them constantly with me, getting instant relief by using one or two on the approach of headache. They are also effective for neuralgia, giving immediate relief." Opportunities

"Plenty of opportunities exist for the man who knows how to make opportunities." It doesn't affect the truth of the observation that the man who gave it expression was a railroad president who was caught giving a big corporation in which he was secretly interested special special rates and advantages that meant thousands in dividends. That was his opportunity and his abuse of it. But the opportunities of honor and industry are in plenty.

The question that interests you is: Are you taking toll from your earning capacity and husbanding it to meet opportunity? It isn't the lack of opportunity that embarrasses men, but the preparation to grasp them! There is no more practical or important question to you for answer than this one of preparation! "Can you save money?" asks Hill, the greatest railroad builder of his generation, and if you can, what are you doing with your savings?

Do you fully understand that a State Bank is both a safety and a convenience? Once on deposit, the Bank assumes responsibility to you for its safety. It would be interesting to know how many thousands of dollars are idle in the homes of people of this county with no better protection than the bureau drawer or the old stocking—energy that jilts about the house, producing nothing and exciting the greed of the dishonest.

ROYAL OAK SAVINGS BANK

Puts behind your deposits its one-quarter million of assets to guarantee its safety, and pays you the interest return of Government bonds.
