The trip home was uneventful until just outside of Pontiac the truck refused to continue the journey, so the occupants were compelled to walk a mile over to Woodstock avenue and finish the journey by way of the humble trolley car.

Her pluck-blown complexion and ruddy lips result from her pure blood; her plastic step, from firm, firm muscles. All tugging of the health and strength Electric Bitters give a woman, and the freedom from the store of 2 to 2 in headache, faintness and dizzy spells they promote. **Runs Hunt for Rich Girl.**

Often the hunt for a rich wife ends when the man meets a woman who uses Electric Bitters. Her strong nerves tell her in a bright and convincing way. Her pluck-blown complexion and ruddy lips result from her pure blood; her plastic step, from firm, firm muscles. All tugging of the health and strength Electric Bitters give a woman, and the freedom from the store of 2 to 2 in headache, faintness and dizzy spells they promote. Every where they are a woman's favorite. They are a woman's ally, try them. 50c at C. J. Shain's.

**WHAT IS PORTLAND CEMENT?**

Portland Cement is the fine powder produced by pulverizing the clinker resulting from the burning together of various materials of proper chemical composition. It does not come from Portland, Me., nor Portland, Oregon, but it is called Portland because it was given this name by the Englishman who first made it, and who thought it resembled certain natural deposits on the Isle of Portland, England.

There are many brands of Portland cement on the market. UNIVERSAL is the highest grade manufactured. You can always tell it by the name UNIVERSAL and the blue trademark printed on every sack. When you have concrete work to do get UNIVERSAL Portland Cement from us.

# D. K. Smith's Royal Oak Store News

Our business is increasing wonderfully fast, customers coming from miles around, from all over Detroit, Highland Park, Birmingham, Pontiac, and even further away, to say nothing of mail orders out in this and other States. At one time Saturday night were customers from all the above towns in the store. There is a reason for all this growth. It is because our selling expense of only 5 per cent to 10 per cent allows us to sell for much less than the usual store price of 23 per cent to 37 1/2 per cent allows other stores.
