The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer \$100 for any case that it fails to cure. Send for list of attending physicians and full particulars. Address F. J. CHENEY & Co., Toledo, Ohio. Sold by all druggists. Take Hall's Family Pills for constipation.

Notice.

For first class laundry and good service try the Mrs. Langley. Wagon calls and delivers at your home. Give us a trial bundle and be convinced. Work sent Monday will be delivered before Friday. F. N. Deminger, Prop., Birmingham, Mich.

The Blue Sky Law of Kansas.

That the popular designation of a law in Kansas which became effective on September 1. It goes as far, perhaps, as the State may go to protect the people from swindling stock promotion. However, we intend to let Will Payne, in the Saturday evening Post, write this advertisement, "Not less than a \$100,000,000.00, is the opinion of those most competent to judge, is stolen from the people in this country every year by the sale of fake and wildcat securities." The Postoffice Department puts the sum rather higher. Virtually every one of the swindling concerns that prey upon ignorance and credulity in this staggering extent is "duly incorporated" and possesses a charter in the great seal of some sovereign State, at all flying it to go out and rob as many suckers as it can find. Though nearly every State will incorporate any sort of bank with a that comes along, only one State, so far as I know, seriously attempts to protect its citizens from these stock-peddling jokers.

In every State, of course, a purchaser of fake stock may sue for the recovery of his money which is about as satisfactory as the privilege of suing a pickpocket for the recovery of your watch.

The popular title of the Act refers to the "atmospheric" condition of the vast majority of these promotions, but there is no actual protection for people who want to invest money in ATMOSPHERE. The appeal of SAFETY is only to those men and women who recognize that their immediate security, until the real opportunity presents itself, is in some strong Bank like the

Berto A. Holden

Candidate for the Nomination on the Republican Ticket FOR STATE SENATOR From the 12th District

I FAVOR

The election of United States Senators by direct vote. The nomination of President by a nation-wide primary Civil Service in the various State Departments. An economical and business-like management of all departments of State government.

All measures tending to improve our educational system. Every effort to improve our public highways and transportation service.

I SHALL OPPOSE

The efforts now being made to reduce the taxes on railroads and other corporate property. I believe that all property, whether corporate or private, should bear its just and equitable share of taxation.

The efforts being made to divert the primary school fund from the support of the public schools.

If nominated and elected I shall have but one purpose in mind—to serve honestly and faithfully the people of this District.

Owing to the demand for a LARGE SIZE SAFETY DEPOSIT BOX, we have met the requirements by installing a new case of Boxes with double lock, and large enough to accommodate all sizes of valuable papers.

Call and look them over, and SECURE ONE BEFORE THEY ARE ALL ENGAGED.
