

**A Butcher Who Sells a Lot of Meat Can Sell it for a Smaller per lb. Profit**

That profit-sharing idea ours is based on **VOLUME OF BUSINESS**, or it would be mere talk. If we sell two pounds of meat instead of one, we can thrive on a smaller per pound profit.

We want the patronage of all those who would appreciate being able to save something from usual prices on every meat purchase.

Our Vegetables and Fruits are strictly fresh.

Our Butter and Eggs ditto.

Our prices right—our stock large.

We solicit a share of your patronage.

**Whole Family Benefited By Wonderful Remedy**

There are many little things to annoy us, under present conditions of life. The hurry, hard work, noise and strain all tell on us and tend to provoke nervousness and irritability. We are frequently so worn out we can neither eat, sleep nor work with any comfort. We are out of line with ourselves—and others as well.

A good thing to do under such circumstances is to take something like

**Dr. Miles' Anti-Pain Pills**

to relieve the strain on the nerves. Mrs. J. B. Hartsfield, 33 Corport St., Atlanta Ga., writes:

"I have on several occasions been vastly relieved by the use of your medicine, especially the Anti-Pain Pills, which I keep constantly on hand for the use of my husband and two sons. Nothing in the world equals them as a headache remedy. Often I am when otherwise I would be in bed. My husband joins me in my praise of the Anti-Pain Pills and Nervine."

**Dr. Miles' Anti-Pain Pills** are relied upon to relieve pain, nervousness and irritability in thousands of households. Of proven merit after twenty years' use, you should have no reason for being longer without them.

At all Drug Stores, 25 cents a box. MILES MEDICINE CO., Elkhart, Ind. 11

**Pleasant Ridge**

Mrs. Ernest D. Hutton has returned from a short visit in Chicago.

Mr. and Mrs. John H. Bourne and daughter Helen have arrived home safely after an extended trip east.

Dr. and Mrs. F. O. Browne and family have returned from an auto trip to St. Louis, Mo. They were accompanied on their return trip by Mr. and Mrs. Montgomery Malcolm of Gen. Hill.

Dr. J. B. Kennedy of Detroit was a recent guest of his brother, Dr. R. L. Kennedy. He was greatly impressed with the advantage and delights of suburban life and especially with the future possibilities of Pleasant Ridge as an ideal residential section.

It has been recommended by the advisory board of the Pleasant Ridge Country club, that each resident of this district secure a hand chemical extinguisher to be used in case of fire on their own property. This also be prepared to bring it to the assistance of his neighbor, should a general alarm of fire be given. An electric alarm bell will probably be established at some central point in the near future.

Mr. and Mrs. Jasper Winstantly entertained the members of the Country club at their residence recently. The matter of establishing a public school in this locality was up for consideration. It was deemed advisable by a present that the best interests of the district would be served by a second school at this end of the section, provided satisfactory arrangements could be made. With this in view, the committee who have had the matter in charge was empowered to cooperate further with the board of trustees in the effort to establish a school at once.

At the conclusion of the business meeting a dainty buffet lunch was served and this was followed until a late hour by music and mirth unconfined.

**The Pearl in the Oyster of Promotion**

We wonder if you was in on the International Oyster & Manufacturing Company, No. 1 Madison Avenue, New York, where the shares are \$1 and the returns 120,000 per cent.

Whew! what is the use of plodding around in this old world of work with oyster pearls of that stupendous value waiting to be picked up? Maybe your attention was attracted to this advertisement in the Sunday papers:

**ATTENTION!**

Investors, we have a perfect machine to develop the oyster industry. With oysters at \$1 a bushel, one of our machines will earn 400 per cent on entire capitalization; same capital will build 300 machines, for which there is room on the coast, and earn 120,000 per cent annually. We will explain and prove above statement; investigate. N. A. Lybeck, 1 Madison Avenue; telephone: Gramercy 6577.

The scheme that is to give you an income of \$6,000.00 a year from a \$5.00 investment is a machine for dredging oyster beds and catching fish—of the sucker variety. You probably won't hurry because the promoter advertises that there are only 40,000 of the 250,000 left, but it indicates that \$210.00 of somebody's good money is invested in looking for oyster pearls. It looks now as if the "Pearl Divers" of speculation had lost sight of the real pearl of safety—a deposit in some strong bank like the
