At last the famous wood case of Royal Oak school district No. 7 is settled. A petition was filed by John McClure through his attorney, George A. Monday morning Judge Smith granted the petition and denied the appeal to take the case to the supreme court. Nearly a year ago McClure, a member of the district board, sold some wood to the school and Addis refused payment on a technical point. McClure was represented by Attorney George A. Dondro.

**The Men Who Succeed**  
As heads of large enterprises are men of great energy, success, today, means health. To fail is to fail. It is a pity for a man to endure a weak body, or to have his health ruined by the use of a weak medicine. I ever took Electric Bitters, and my health is now in the best of order. "Four bottles did me more real good than any other medicine I ever took."—Wm. Charles B. Allen, Sylvania, Georgia. "After years of suffering with rheumatism, liver trouble, stomach weakness, and deranged kidneys, I am near, thanks to Electric Bitters, sound and well. Try them. Only five at C. J. Shain's and J. W. Colby."

**That's What Every One Says Who Tries**  
**Black Silk Stove Polish**  
DON'T imagine for a moment that all brands of stove polish are the same. Don't get the idea that to keep a nice glossy shine on your stove you must buy a new brand every few days. It is a question of intelligent application. It is a question of the stove polish to use. Black Silk Stove Polish is much better than other stove polishes that there is absolutely no comparison—a real class all its own. It makes a clean glossy shine that don't rub or wash off. It cleans the iron—scrubs a part of the stove. It makes old stoves look like new and lasts four times as long as the other brands.

Get a can and give it a trial. Try it on your parlor stove, your cook stove, or your range. If you do not find the best Black Silk Stove Polish you ever used, your dealer's attention will be your money. Black Silk Stove Polish has been made by the same formula and sold under one name for 30 years.

Ask Your Dealer for Black Silk Stove Polish and refuse a counterfeit brand. Don't have the best. Made in liquid of purest quality.
