A SERMONETTE

A Penny For

Your Thoughts"

in an old pleasantry, but we wonder if the 'New Gospel of Efficiency' Lewis is preaching is not based on the greatest fact expressed in a sentence 'As a Man Thinketh So Is He.

Let us eliminate all the pleas antry from our text-all that is immaterial in our relations to life-play the big game as serious men play it, and ask seriously: What am I thinking about? What influance has my thinking on my

present and future? You have two things to sell and both are marketable; the skill of your hands and the culture of your brain. The comfort of age and the provision for dependents are involved in the profit from this merchandising in labor and brains! What about that comfort and provision !n your individual case? Ever sit down in some hour of leisure and discuss this absorbing matter with your family?

If there isn't profit, there is failure; if there is profit, it must be wisely husbanded and carefully, safeguarded. The dollar saved may not be your chiefest concern, but there is no well rounded life without provision!

We do not believe that the ROYAL OAK SAVINGS BANK

has a more important mission a higher obligation, than to aid and serve you in the practical provision for age and dependents.
