OF THE SELECTION OF THE PROBATE COURT, the legal notice in this paper, if it does not appear, will be at no more than a cost of one cent, and will do so great favor.

Last day of February. W. A. Sutherland is the "cheapest" wall paper dealer in Oakland for two houses and lots for sale, reasonable, cheap. Call or write E. C. Gardner, 429 Merrill St. Birmingham.

Village election is soon coming. Signs of the approaching event begin to make themselves manifest. Candidates are beginning to buzz, but all is well.

The Citizens' League meeting at the Family Theatre was well attended, and although the speaker failed to be present, those who did attend did not feel that the evening was lost.

Mrs. David Roy very pleasantly entertained last week Mrs. Dr. Vincent Mrs. Enoch and her brother Mr. Casey from Sanilac Co. Mrs. Casey and Mrs. Niles and son Ray from Rochester, Mrs. Simmons, Mrs. Clancy, Mrs. Davison from Detroit, and her daughter, Mrs. Doolley, and grandson, Roy, from Pontiac.

The Family Theatre is nightly filling a long felt want. Stores close early, giving the proprietor a chance to go and view the Movies as well as the clerk. Father takes mother by the hand, and grab all the tickets he can. It is sure the proper thing to do and to view the interesting sights. Under the care and instruction of Messrs. Smith and Toms, perfect order is always maintained. Ladies and children especially invited.

Mr. Simon Sine of Gilbert Lake farm has had an experience with an Englishman named Bill Wilson, who he hired to work for him on the farm. Bill put in one day and left and the next day he came back and told him he was a \$10.00 bill, right along with Bill. Mr. Wilson was captured and tried for fraud and in one day he found for his bad acting. After this when Mr. Sine hired another stranger he had to go to show him credit for honesty, sobriety and a few more other good qualities before they can camp down on his home and by his side.

A word to the Wise! Don't put off a minute, but go have the best thought of going to the Citizens' League Banquet March 17th, go right away to James W. Cobbs and secure your tickets. Only a certain number will be sold and when the number is all gone, Good Bye to you. The speeches will be interesting. God talent has been secured and this event will be one long to be remembered. Get your seats early, because this is an event that can be repeated but cannot be repeated to many failed to get their tickets in season.

While Hiram Parks was selling farm implements near Redford not long ago, a friend at the gate held his horse and a conversation took place with the small boy of the family. With great incredulity he was saying: "Are you sure you are only nine years old?" I think there must be some mistake. The boy was positive. "I'm nine years old," "Ma, he called, 'and I'm nine years old.'" "Yes son!" After a time he ventured: "Say mister, what made you think I was more than nine years old?" "Why," said Hiram, "I couldn't understand how you could be so dirty in nine years."

At the Pioneer meeting held in Pontiac, at the Court House Saturday last many were the good things said that brought back memories of the good old times. Fuller, T. F. Poole and John H. Smith. Mrs. Huth was down for a number, but it was so very late, and Hon. D. L. Davis had told some of his own stories in a subdued and dignified manner. The writer took down was left out until the next meeting. It was a great success and Mr. J. J. Bennett said that he had the best of it.

She will remain until Mr. Nichols, husband and father comes to Chicago with a train load of live stock. He will then run over to Birmingham, make a little visit, and all will return with him to their Western home, and their cyclone cellar.

#### Guaranteed Not to Rust?

Every dairy utensil made of tin wears and rusts. This is the reason why a different metal—Nickel Silver—is used in the skimming sections of the 1913 model.

United States Cream Separator

Nickel Silver Skimming Sections in United States Cream Separators are positively guaranteed not to rust.

Furthermore, U. S. Nickel Silver sections are easier to clean than tinned steel discs or other devices, because milk and the thick loam matter stick to them less tightly than to tin or steel.

Still another advantage of U. S. nickel silver sections is that they will not crack as tinned steel discs frequently do and are, therefore, much more durable.

To prove the superiority of nickel silver we offer to send any farmer a piece of nickel silver metal which he can test out for its non-rusting to his own satisfaction. Simply fill out and mail the coupon.
