

HUSBAND TIRE OF SEEING HER SUFFER

Procured Lydia E. Pinkham's
Vegetable Compound,
which made His Wife
a Well Woman.

"Midwinter, Pa."—I had headache, backache and such awful heart-ache pains that I could not rest on my feet at those and I had no information so badly that I was not able to do my work. I could not get a good meal for my husband and one child. My neighbors said they thought my suffering was terrible. "My husband got tired of seeing me suffer and one night went to the drug store and got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me I must take it. I can't tell you all I suffered and I can't tell you all that your medicine has done for me. I was greatly benefited from the first and it has made me a well woman. I can do all my household work and even helped some of my friends as well. It is a wonderful help to all suffering women. I have got several to take it after seeing what it has done for me."—Mrs. EMMA ESPENHAGEN, 210 East Main St., Middletown, Pa.

The Pinkham record is a proud and honorable one. It is a record of constant victory over the obstinate line of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of suffering women. Why don't you try it if you need such a medicine?

If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Constipation Vanishes Forever
Prompt Relief—Permanent Cure

W. N. U., DETROIT, NO. 8-1912

NOTES FROM MEADOWBROOK FARM

By William Pitt

Make plans for a garden.

There is money in small fruits.

It is not wise to wash market eggs.

Trap the snow well about the trees.

A good place for wood ashes is around the pear trees.

Age affects the flavor and texture of meat to quite an extent.

This is the time of year the wind-break of evergreen is enjoyed.

When stringing eggs pack carefully in straw, clean cases and fillers.

A coat of whitewash in the poultry house adds both to beauty and profit.

There is a decided difference between a cow keeper and a dairyman.

The salvation of poor soils and the preserver of good soils—dairy farming.

Much the strawberries and fruit trees and shrubs if this has not been done.

Keeping rabbits from damaging fruit trees is sometimes a difficult task.

Just because the calf is large and thrifty is no sign it will be a wonder-ful cow.

Exercise is a better laying stimulant for the hens than heat-producing condiments.

A rigid system of selection of brood sows should be practiced by all swine breeders.

There is nothing the matter with the hen that shows a bright eye and a red comb.

A shed of crotches and poles, covered with straw, is cheap, warm and businesslike.

Warning the cream to about 56 degrees for winter churning will make less work of it.

No stock grower can afford to have his animals burn grain for fuel to keep themselves warm.

Establish, if possible, a brand of eggs which will itself be a guarantee of good quality.

If the soil is still open, a better half day's work can't be done right now than to plow the garden.

Green food of some kind is necessary to make hens do their best in the life of egg production.

Let the dairy heifer have plenty of growth before breeding. Two years old is better than 18 months.

Foul odors in the sheep barn will bring pneumonia. Keep your mind on having them well ventilated.

The care of animals previous to slaughter has considerable effect on the keeping qualities of the meat.

The dairy farm that is stocked to the full capacity—there being overstocked is a pretty safe investment.

The pedigreed sire has been the power in building up size and draft form in our American stock or horses.

In pasturing alfalfa it must never be overstocked, as the animals will injure the crowns and the plants will die.

The cellar, even though it is thought to be well ventilated, is not a desirable place for the milk or cream.

Experiments show that chickens with strong vitality and plenty of masculine characteristics make the largest gains.

Heroic pruning measures are needed to bring many old trees into bearing; but it need not all be done the first year.

The man who dubbed the hog a "mortgage lifter" was posted; he knew something of the possibilities of the animal.

A score or more years ago eight-cent lamb and six-cent yearlings were not sought by the trade, as is frequently the case now.

Trees and small fruits generally like application of ashes and bone dust by fertilizing liberally, good crops may be assured.

Exercise produces warmth, provides pleasure and promotes health, therefore it is well to let the hens bust in a very little of straw for all their gains.

To lessen the chances for milk fever in old cows, let them eat a few feed the cow a laxative ration ten days before she is due.

One of the most important items in managing a fruit farm, and especially small fruits, is to prepare the soil in equal hills before planting.

For best results the alfalfa pasture must be mowed at least three times a year, because certain times it begins new growth from the root.

Corn is no doubt the best feed for the hog, but its full value can only be realized when it is used in conjunction with other feeds.

Mutton may be palatable and nourishing, or, on the other hand, a tough, wooly-tasting product, according to the quality of its production and preparation.

Gross neglect, carelessness, dishonesty and other troubles of the kind are the pernicious nature of an egg are causing to the egg trade a loss of several million dollars annually.

NEWS FROM ALL PARTS OF THE WORLD

Twenty-five states have ratified the direct electors' amendment.

Conductor was crushed to death in wreck.

Chicago, Milwaukee & St. Paul train No. 2, one and one-half hours late, and running to make up lost time, was wrecked while rounding a curve near Republic. The engine and the two rear sleepers remained on the track, but the mail, baggage and express cars, and the day coaches, sleeper and diner turned over. The smoker was derailed but remained upright.

Conductor M. E. Blommer, of Appleton, Wis., was crushed by the safe in the baggage car and died at 2 a. m. A baggage man was seriously hurt, two cooks were burned and several passengers injured. Two women and a child, taken out through the window of a sleeper barefooted and in night clothing, were carried to a house near by with the thermometer at below zero. The lights were extinguished as the cars rolled over, leaving the frightened passengers in darkness to climb through the windows.

Extra Session on April First.

President-elect Wilson announced that the extra session of congress would be convened on Tuesday, April 1.

The governor declared that he has arrived at this decision as a result of a letter received from Representative Underwood, democratic house leader. "I have waited," said Mr. Wilson, "to learn just what the state of preparation of congress was for the business of the new session."

He intimated that the interval between March 4 and April might be devoted to caucuses and conferences.

"Dry's" Plan Campaign in Calhoun County.

H. G. Butler and Attorney J. E. Stewart, manager and assistant manager of the "dry" in the local option campaign, held a conference with the "dry" leaders in Marshall, and plans were discussed for work in the towns. It is proposed to have an organization in the townships, as well as the cities and villages of the county, and to hold meetings in every school house in the county. Banquets will be held in an effort to get the voters out to the meetings.

Mrs. Pankhurst in Trouble Again.

Mrs. Emmeline Pankhurst, leader of the militant suffragettes, and head of the Women's Social and Political Union, was arrested in London. Her arrest was caused by her declaration that she was willing to take the blame and responsibility for the explosion of dynamite which wrecked the home of Chancellor Lloyd George. She defied the authorities to place her under arrest.

Vito Pacifico and Sam Gaudalea, of Kalamazoo, sentenced to eight months to two years in Jackson prison for carrying concealed weapons. Local trials rated \$1,000 to pay their fines.

The village Ovid voted to give an unconditional bill of sale of a three-story brick building to the Fox & Mason Furniture Co. of Corvallis. The company will start making furniture at once.

In a statement on the annual output of the sugar factories of the state, Secretary F. R. Hathaway, of the Michigan Sugar Co., states that 1,150,000 pounds of beet were sliced, 77,000,000 pounds of farmers and 270,000,000 pounds of sugar was manufactured.

The Local Option league, manager of the Local Option league, spoke before the Seventh Day Adventists. He said that the "dry" is the only city in the state where a saloon trade had been formed and that the system had proven a failure.

The Saginaw County Rural Letter Carriers' association at Freeland, elected the following officers: President, John J. Branch, Freeland; vice president, Charles K. Kesteven; secretary, A. F. Kerek, Saginaw; treasurer, J. H. Teal, Saginaw.

MORE ATLANTIC LINERS REQUIRED

CONGESTION ON EXISTING STEAMSHIP LINES HAS CAUSED THE CANADIAN IMMIGRATION.

It is reported that eight new Trans-Atlantic liners are under construction for the exclusive use of the Canadian Trade. These are being built by the White Star, Canadian Pacific and Cunard Lines.

The liners to be built for the White Star are to be of the same type as the Laurentic and Majestic, and will replace the Canada and Republic. The Cunard Line's new steamer, Anconia, has already completed successfully her maiden voyage from England to Montreal and the ship will be launched early next year.

It is predicted that the Canadian Northern will not be slow in following the example of the other big concerns, as it is a matter of common belief that Canada, more than any other in the world, will be the country of the future, and the best field for investment by shipping interests.

An official of one of the companies already building steamers for this trade told the American yesterday that the ideal steamer for this service is the two-cabin boat, having accommodation for second-class and steerage passengers only.

"We do not expect that the \$5,000 cabin de luxe class will travel between Canada and England very extensively," he said, "but the business that is to be obtained there will be immensely lucrative, and for the next ten years, at least, the present we are most concerned with the tremendous tide of immigration that is being diverted from the United States to the Dominion of Canada."

The farm land of the vast North West is the attraction, and while this flood of immigration is at its height, the Canadian Government exercises a strict censorship over the class of immigrants admitted. In this way they are drawing their future citizens from the Northern countries and have shown an unwelcome face to the people of Southern Europe.—Advertiser.

He Knew the Kind.

The guide, in referring to the Egyptian pyramids, said: "It took hundreds of years to build them."

"It took a government jobber," replied the wealthy contractor—Yonah's Companion.

HANDS CRACKED AND BLED

St. Clair, Mo.—My trouble began about fifteen years ago. It was what some claimed eczema. The form the disease took was a breaking out with watery blisters on my hands which would then dry and scale, and then would follow the trouble of cracking and bleeding and itching and burning. My hands were disfigured at the time, and sore. The trouble was very annoying, and disturbed my sleep. I had a great deal of trouble, but I did not obtain a cure. I tried a lot of home remedies, also salves and liniments that claimed to be a cure for the trouble, but I did not obtain a cure.

"At last I saw the advertisement for Cuticura Soap and Ointment. I sent for a sample, and after using a box of Cuticura, so I sent for a fifty-cent box of Cuticura Soap and Ointment, and some Cuticura Soap. A doctor advised me to keep ahead with the Cuticura Soap and Ointment and they cured me completely. No trace of the trouble remains." (Signed) Mrs. Mary Taylor, Mar. 29.

Cuticura Soap and Ointment sold throughout the world. Sample of each with 32 p. Skin Book. Address post-card "Cuticura, Dept. 10, Boston, Mass."

Some people are as unpopular as a last year's popular song.

CONSTIPATION

Munyon's Pain-Expeller Pills are the only pills that do not grip, they do not weaken, they do not irritate the bowels, they do not cause the loss of sleep, they do not cause the loss of appetite, they do not cause the loss of weight, they do not cause the loss of strength, they do not cause the loss of health, they do not cause the loss of life.
