

A Butcher Who Sells a Lot of Meat Can Sell it for a Smaller per lb. Profit

That profit-sharing idea ours is based on **VOLUME OF BUSINESS**, or it would be mere talk. If we sell two pounds of meat instead of one, we can thrive on a smaller per pound profit.

We want the patronage of all those who would appreciate being able to save something from usual prices on every meat purchase.

Our Vegetables and Fruits are strictly fresh.

Our Butter and Eggs ditto.

Our prices right—our stock large.

We solicit a share of your patronage.

When Burton Holmes recently gave his celebrated traveling lecture "Panama" at Orchestra Hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annoys willingly, and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey and Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. Look for the Reason.
If you keep chickens and consider it an unprofitable pastime, look for the reason. In most cases you will find your chickens are in poor condition, with dull combs and plumage. Try Harrell's Condition Powder and note the difference. It counteracts disease, improves the appearance of the fowls and what is more important, largely increases the yield of eggs. Price 25¢ per package. Sold by Cobb-Stanley-Harris Co.

George H. Mitchell, ex-druggist of Birmingham, says:—"Lambert & Lowman's White Pine and Red Spruce Cough Balm during 25 years of his drug business sold most and gave the best satisfaction of any kind he ever handled. One good old lady declared that two 25¢ bottles cured her daughter of consumption."
