Are about to give us our long looked for Waiting Room, which is surely a great necessity.

Through the generosity of John T. and the faithful action of Har. Smith and the committee, we are at last able to point with pride to the corner of Washington and Fourth now occupied by what is known as the Transfer Hotel, and say that that is the site where a long looked for waiting room will be erected. This property was purchased by the D. U. R. some time ago, but owing to a lease held by Mr. Tye, it was impossible for them to go ahead and build. This lease held by Mr. Tye for another year and was worth \$1000 to Mr. Tye, but the majority of our citizens, he works for the good of our town, and when he saw what an improvement a fine modern waiting room on that corner would make, he very generously handed over the lease, which in reality means a \$1000 donation to our Village.

The D. U. R. have council with our village alderman, and decided that Royal Oak shall have a brand new brick waiting room, with freight yard and barns in connection. Two tracks are to be added also, to switch the freight cars on for loading etc. and the other to round the corner to the car house, to pass at that point without the inconvenience of having to back up or stand full on the main track as they have to do now.

This is one of the biggest things that has come to Royal Oak and we are all proud of the appreciation of our residents.

The Morrison Class Banquets.

Friday, Jan. 31, the Morrison Bible Class of the Methodist Episcopal Sunday School held its annual banquet in the social room of the church. In spite of the fact that Old Winter had been with such vigor as to make a plain home supper and a warm register much warmer than fried chicken, five blocks away, there were eighty-five present.

After the excellent menu, which the girls of the "Whosoever" class assisted in serving, the company rose and sang the class song, "Dear Home," presiding at the piano. Dr. J. S. Morrison then introduced Rev. H. H. Hough, of Tabernacle Church, Detroit, who acted as toast-master. The class greeted their former pastor with hearty applause and with the skill of the true humorist quickly turned into and handed back to its author the "fish story" that Dr. Morrison, in his introductory speech, had told about Rev. Hough. The toastmaster then presided at the piano in the program, for that he is sure "to leave other men their turn to speak," but he gave each reason to speak in self-defense. In spite of his promise, he had to stand a glare at Mrs. Hough, on the Royal Oak board car, that he would be "decent."

Mr. George Bousard set first on the program, to the subject "Advertising," and made the room for itself. Mrs. Bousard recalled some novel experiences in advertising, and gave an interesting bit of information concerning the "wont power" of one of the Gillette and Heener mules.

In short, stirring speech on "Standing by our colors," Mr. Lyman Richards pointed out some of the practical ways in which the members might carry out their class motto. Mr. Richards closed the "Don't knock just push" advice given by Mr. Arthur Love in the first number of the Morrison Class Lecture Course, and recommended that we seek the good things of our town—the streets and then "get busy" to increase the number of good things.

Mr. Bunclear and Rev. Olson responded to requests for extempore remarks. Mr. Bunclear, after some of the audience into chuckles, with stories of boyhood fishing match in England "where a man must finish the fight he enters," spoke of the splendid opportunity, summing them up into four words: "Active participation and persistent performance."
