### Are You Constipated?

If so, get a box of Dr. King's New Life Pills, take them regularly and your trouble will quickly disappear. They will stimulate the liver, improve your digestion and get rid of all the poisons from your system. They will surely get you well again. 25c at C. J. Cobb and Cobb-Stanley-Harris Co.'s—Adv.

### BLOOMFIELD HILLS. (CONTINUED)

Scarce could you marvel that our Muse grew tired

When wandering, some weeks ago, through Bloomfield Hills; The many lovely homes, and the woods fields' required A better bard than our 'poor nature' fills.

Small wonder then, that some of them were slighted,

That some were overlooked it now seems clear.

Now we shall see, that all their wrongs are righted, and we'll straighten out the tangles, never fear.

'Tis strange of Oakhurst that we made no mention

The loveliest garden ever man did see,

Where Conklin's flowers drew deserved attention

And Cobb brought baskets full of asters home to me.

At Trobridge Farms was honest Till, bluff Sat, and merry Sue,

Fair orchards, green clad hills and whispering leaves,

We'll sadly miss, big, cordial Till 'tis true,

His swain chair our heart with sadness grieves.

He's travelled over all the earth, he's sailed the Seven Seas,

But now he's anchored, never more to roam.

His wife and father Brady help him spend his hours of ease

Our good friend Admiral Berry up at Bryherholm.

And last of 'a there's one brow bent, ye'll ken him

Among the hills he lives w/ his gadwife,

So quiet and content, ye scarce wad blame him,

George Hendrie whies awa' his quiet happy life.

### The Cause of Rheumatism.

Stomach trouble, lax, liver and debilitated kidneys are the cause of rheumatism. Get your stomach, liver, kidneys, and bowels in better condition by taking Electric Bitters, and you will not be two weeks with the pains of rheumatism. Charles B. Allen, a school principal of Sylvania, Georgia, writes: "I received indications of acute rheumatism, liver and stomach trouble and disordered bowels. 'All remedies failed until I used Electric Bitters, but four bottles of this wonderful remedy cured me completely.'"

## How Michigan Farmers Are Successfully Fighting Live Stock Diseases

If you are not doing something to rid your farm animals of the deadly stomach and intestinal worms you are simply **Letting Down the Bars** to hog cholera and all the other fatal diseases which have cost the farmers of this country over fifty millions of dollars the past year. YOU can't afford to run this risk. YOU can't afford not to take preventive measures. The best way of preventing these deadly plagues from getting a foothold among your stock is to keep every animal **worm free** and in the best possible condition.

**Worms are the cause of 90 per cent of live stock losses.** Thousands of Michigan farmers have learned this fact and by effectually striking at the cause have successfully won their fight. They have found "an ounce of prevention is better than a pound of cure."

Read how they have stopped the loss and improved the value of their live stock.

"I have fed SAL-VET to all my sheep, hogs and calves and the results are most gratifying. The worms have been killed and the animals are in the best of health. I have saved many dollars in veterinary bills and the animals are in the best of health. I have saved many dollars in veterinary bills and the animals are in the best of health."—W. M. H. ANDERSON, Farm, Four National Park, Grand Rapids, Mich.

## SAL-VET

The Great Worm Destroyer and Live Stock Conditioner

### Look Out for These Danger Signs

Coughing, rough coats, laggard steps, poor appetites and dull eyes. These are the common symptoms of worm infection and should disease break out in your neighborhood the chances are a hundred to one against you, and your entire herds may be swept away with a suddenness that will appall you. You can greatly lessen this danger from disease if not altogether avoid these heavy losses simply by letting your stock run to "Sal-Vet"—the cheapest and greatest worm destroyer as well as the best preventive of live stock diseases.

"Sal-Vet" is a medicated salt which works a wonderful change in all live stock. It first destroys and expels the deadly worms and gives nature a chance to put every animal you own in a healthy, vigorous condition. It is the best stock insurance you can get because it costs so little and does so much. For one-twelfth of a cent a day any hog or sheep can run to it freely and will doctor themselves. It costs only a trifle more for larger animals and requires no mixing, no dosing, no drenching, no starving—no bother at all. I profit all on my job.

### Here is My Money-Back Trial Offer

Simply call at my "Sal-Vet" dealer's store and get enough "Sal-Vet" to last all your stock 60 days. Take it home with you and place it where all your farm animals can run to it freely. Then watch results. If "Sal-Vet" does not do what I claim it does not your stock of the deadly stomach and intestinal worms and prove entirely satisfactory TO YOU, simply notify the dealer and he will refund your money in full. You won't be out a single penny. I take all the risk. Remember, you get ALL your money back if you are not pleased. You certainly can't afford to risk the loss of a single animal when such a fair, square, liberal offer like this is made to you. You know your dealer—he accepts your word as to the results. You take no risk whatever.
