A Butcher Who Sells a Lot of Meat Can Sell it for a Smaller per lb. Profit That profit-sharing idea ours is based on VOLUME of BUSINESS, or it would be mere talk. If we sell two pounds of meat instead of one, we can thrive on a smaller per pound profit. We want the patronage of all those who would appreciate being able to save something from usual prices on every meat purchase. Our Vegetables and Fruits are strictly fresh. Our Butter and Eggs ditto. Our prices right—our stock large. We solicit a share of your patronage. ERWIN & SMITH

Derivation of "Shark" All sharks derive their name "shark" from a Greek word of similar sound meaning "having sharp teeth." The creature's ability to man is nothing in contrast with the havoc they commit, among food fishes. Some of the smaller varieties of the shark are sometimes eaten. Oil is obtained from their livers, which is highly used in the adulteration of cod liver oil. —McCull's Magazine.
