Money Making and Time Saving Advantages of Using the United States Cream Separator.

Every person who has made a careful study of dairying knows that a Cream Separator is a profitable piece of machinery to own. Experiments at such prominent Agricultural Colleges as the Purdue University of Indiana go to show that four cows and a Cream Separator will give as large a cream and butter yield as five cows and the gravity methods of skimming.

The United States Cream Separator, which is being advertised in this paper, has been manufactured by one of the oldest established dairy goods manufacturers for 20 years and can be absolutely relied upon. In its 1913 model represented some very desirable, in fact essential, features which we understand are not used in other Separators.

Every woman is bothered by the rusting of tin utensils. The ordinary tinned skimming device comes under this head; but the U. S. manufacturers have a great improvement in the use of nickel silver sections which are never to rust.

We know, too, that every woman dislikes dish washing and so are pleased to call the attention of every farmer's wife to the way the 1913 model U. S. Separator is mechanically washed by merely turning a crank. It stands to reason that this invention for the U. S. Separator cuts the labor and time elements in halves besides turning an irksome task into a pleasant duty.

A catalogue describing the above features more fully, as well as the automatic oiling, light running, enclosed gears, etc., can be had from any of the dealers mentioned in the advertisements or by sending a post card direct to the Vermont Farm Machine Co., Bellows Falls, Vt., or Chicago, Ill. As this catalogue is free for the asking and contains revolutionary features not found in any other Separator we strongly advise our readers send for it and learn about the latest and greatest improvements in Cream Separators.

BY A. WHITEHEAD.

Came a glimpse of black and orange
from the maples o'er the way
Where the oriole was trilling to his mate.
The black-bird in the pine tree was
whistling all day,
So we thought our winter woolens
out of date.

The robins merry music had awakened
us at dawn
And the grass was showing green
along the street,
But something seemed to tell us that
we'd better keep 'em on;
Although to lay 'em off would be a
treat

We had heard the frogs a peeping in
the ponds a little bit,
We really thought the spring was
surely here.
'Twas such a forward season that we
donned our Porosknit
Then the weather changed so quick
we thought it queer.

We'd no sooner got 'em on when the
mercury went down,
So we a sid back in those woolens
mighty soon.
Now, we're just a goin' to wear 'em,
let the weather smile or frown,
And we'll never take 'em off again
'till June.

A GOOD READER

Hear Ye! Hear Ye! Now is the Accepted Time to Buy Your Razor Sharpeners.

The readers of this paper have one of the most unique opportunities ever presented to any community.

While the appeal is very strong to at least 80 per cent of the male population, every woman who is interested in the good appearance and comfort and welfare of any man or grown boy will be likewise interested.

This opportunity has been secured exclusively for the readers of the Eccentric, and for those who may become readers.

Here is the plan.

The manufacturers of the Never Fail Automatic Razor Sharpener desire a quick introduction for the machine, in this particular field and are offering a limited quantity of the Sharpeners under exceedingly attractive conditions.

As soon as the introductory quantity allotted to this newspaper for distribution in this vicinity has become consumed, this unusually attractive offer will be withdrawn and the Sharpener will be procurable only through the retail channels at the regular retail price.

Every man and most boys should read carefully the special advertising being published weekly in this paper, and by all means clip the coupon and get their Sharpener without delay.

Everyone who uses a razor, whether old style or safety, will be interested, as the never ending problem of perfectly sharpening his razor blades will be solved for a lifetime. We unreservedly reecommend and guarantee the Never Fail Sharpener. After a thorough investigation we agree with the manufacturers that the Never Fail is "is only successful invention of its kind in existence," and present it to you and our other readers as such.

The price of a few weeks' shaving expended in one of these Sharpeners, and your reward is a lifetime of shaving comfort under sanitary and satisfactory conditions that obtain at home.

Garrick Theatre.

March 31st. Begins a Week of Shakesperean Repertoire at the Garrick, Detroit, by Sothern and Marlowe. No Play Repeated,—a mixture—Tragedies and Comedies.

During the engagement of E. H. Sothern and Julia Marlowe at the Garrick Theatre, Detroit, week of March 31st., they will present seven plays of their Shakespearean repertoire: two tragedies and five comedies. This year theri will be six evening performances and one matinee,—Saturday. The midweek matinee has been eliminated on account of the arduous labor of presenting these Shakesperean plays. No single play will be repeated during the week as will be seen by the following arrangement of the repertoire:

MONDAY NIGHT,—Taming of the Shrew.
TUESDAY NIGHT,—Romeo and Juliet.
WEDNESDAY NIGHT,—Much Ado About Nothing.
THURSDAY NIGHT,—Twelfth Night
FRIDAY NIGHT,—The Merchant of Venice.
SATURDAY MATINEE,—As You Like It.
SATURDAY NIGHT,—Hamlet.

The Sothern and Marlowe latest revival, "Much Ado About Nothing," will be presented on the third night of their engagement in Detroit; that is, on Wednesday evening. This is the second revival of the comedy that Mr. Sothern and Miss Marlowe have made. During the first year as co-stars, they offered "Hamlet" "Romeo and Juliet" and "Much Ado About Nothing." An entirely new production in scenery and costume has been made for this revival.

Many theatre goers of our village will undoubtedly wish to take advantage of this opportunity of seeing the two most important stars of the English speaking stage. The prices for this engagement will be from 50c to $2.00. The management has arranged to fill all all mail orders accompanied by check or money order in the sequence of their receipt. These orders will be filled before the regular box office sale.

Proof from Michigan Farmers

SAL-VET

The Great Worm Destroyer and Conditioner

The results Michigan farmers are getting from "Sal-Vet" and the way they endorse it is *proof* conclusive that this great *worm destroyer and conditioner* is the greatest boon to farmers ever discovered. Here are a few of the hundreds of letters written to me by grateful Michigan farmers relating their experiences and results from "Sal-Vet". You may possibly know some of them personally. Read what they say:

"I have fed SAL-VET to all my sheep, hogs and pigs, and also to one of my work horses that was not in condition. The horses have rounded out splendidly, my sheep never looked so well at this time of the year and my hogs and spring pigs are in the best of health. I have always been slow to feed any of the stock foods or medicines, believing that good feeding, and ordinary conditions ought to keep stock in good health, but I am well satisfied with the results obtained from SAL-VET, it has certainly improved to a marked degree, the condition of my stock."—W. E. SCHULTZ, Supt. Sheep Dept. Michigan Agricultural Society, Hastings, Mich.

"SAL-VET is giving fine results. I lost fewer lambs by 50% this year while feeding SAL-VET than in either of the two preceeding years when it was not fed."—E. J. DOWNING, St. Charles, Mich.

"My SAL-VET is all gone, and as common salt does not begin to take its place. I want you to send me another keg at once. I am sure that $5.00 worth of SAL-VET saves me $50.00 worth of feed; all my sheep, cows and horses are doing remarkably well. My experience has been that SAL-VET and worms cannot dwell together."—E.A. BONTRAGER, Fairview, Mich.

"After having used a 100-pound keg of your SAL-VET among our sheep, cattle and sheep with gratifying results, I can heartily recommend it to any one requiring a conditioner to give it a trial."—HARRY POTTER, Davison, Mich.

"I find SAL-VET all that it is claimed to be."—JAMES NICOLL, Sandusky, Mich.

"I have given your SAL-VET a good trial and find it in all right. Will want more when this is gone. I would rather save it than any stock feed or remedy that I have tried."—W. E. NICHOLAS, Bangor, Mich.

"Your SAL-VET is all that you claim it to be and I heartily recommend it to every stock raiser. It surely has put my sheep in the pink of condition."—EDWARD LITTLE, Prop. Oxford Stock Farm, Woodbridge, Mich.

"Having thoroughly tested your SAL-VET I have found it to be exactly as you say it is. I feed it to hogs and cows and never had better results in my life. Many hogs in the neighborhood died of cholera. I have had no such loss."—JOHN H. LEVENDUCKER, Rt. 63, Byron Center, Mich.

"Sal-Vet" is a wonderful medicated salt—a preparation which is saving farmers hundreds of thousands of dollars. It is not only the surest and quickest remedy for worms, but also a tonic, digestive and conditioner which puts all farm animals in excellent condition, thus providing the most efficient disease preventive you can get. No trouble to feed it. You simply place it where all your farm animals can run to it freely—no drenching, no handling—no bother at all—*they doctor themselves.*

CHEAPEST and BEST

It is inexpensive—costing only one-twelfth of a cent a day for each sheep or hog and only a trifle more for larger animals. It saves feed—PREVENTS DISEASE—makes stock thrive and gain faster in fact repays you its small cost many times over. It is from 100% to 400% cheaper than other live stock preparations and far more efficient. The fact that it is sold on a "Money-back Guarantee" PROVES all this.

Here Is My Money-Back Offer

Simply call at my dealer's store and get enough "Sal-Vet" to last all your stock 60 days. Take it home with you and place it where all your farm animals can run to it freely, then watch results. If "Sal-Vet" don't do what I claim, if it don't rid your stock of the deadly stomach and intestinal worms and prove a paying investment for you, simply notify the dealer and he will refund your money in full. You won't be out a single penny. I take all the risk. Remember you get ALL your money back if you are not pleased.

SIDNEY R. FEIL, Pres. The S. R. Feil Co., Cleveland, Ohio

To Our Customers: Get rid of the worms in your stock and watch your profits grow. "Sal-Vet" is giving wonderful satisfaction to our customers. We carry it in stock and will gladly arrange to let any farmer in this vicinity try it 60 days on Mr. Feil's liberal money-back offer. Come in and get "Sal Vet" the next time you come to town.
