### "Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is, Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 217 N. West Street, St. Waco, Tex., says: "I had never until I had these tablets tried any other remedy for constipation, but I have been troubled with constipation for many years, and I have tried many remedies, but all of which seemed to cause pain without giving relief. I finally tried the Miles' Laxative Tablets and found them excellent. Their action is pleasant and gentle, and their phosphate taste makes them easy to take. I have taken them and I can recommend them." "Clean up the bowels and keep them clean" is the advice of all physicians because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper corrective measures. Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you. Dr. Miles' Laxative Tablets are sold by all druggists. If you find a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money. MILES MEDICAL CO., Elkhart, Ind.

I'd had him beaten all right this winter just the same as ever, but a blithering darned old cat caught my robin, and that is why I failed this winter." Two Birmingham girls not long ago took the D. U. R. car for Detroit and found no standing room. "I'm going to get a seat," said one to her companion. "Now you see!" Selecting a seate-looking gentleman, she walked up to him. "My dear Mr. Green," she exclaimed, "How delighted I am to meet you! You are almost a stranger. Will I accept your seat? Well I do feel tired I admit. Thank you so much." The man rose. "Sit down, Jane, my girl," said he, as he courteously pointed to the vacant seat. "I don't often see you out on a washing day. You must feel tired, I'm sure. How's your mistress?"

Derivation of "Shark." All sharks derive their name "shark" from a Greek word of similar sound meaning "having sharp teeth." The creature's utility to man is nothing in contrast with the havoc they commit among deep fishes. Some of the smaller varieties of the shark are sometimes eaten. Oil is obtained from their livers, which is chiefly used in the adulteration of cod-liver oil.
