

Food prepared from cereal grains supports life and strength better than any other single food product. Wheat bread is the universal food of civilization because the gluten in it furnishes the greatest amount of digestible nutrients.

Aristos Flour is made from Red Turkey Wheat. That means gluten superior in quality and quantity. No imperfect or unsond grain—just the single, hard, plump, wholesome berry. This makes Aristos a strong, rich, nourishing flour. It yields bread of loaf that keeps fresh and palatable longer—the one that actually reaches the highest point of food efficiency.

See what unspeakably good bread and pastry it makes. Try Aristos Flour—learn all its merits for yourself. Your grocer has Aristos. Order a sack today.

To get loaf of excellent bread, moisten, matted FREE, send postal card, to The Southwestern Milling Co., Kansas City, Mo.

An Imitation
Is never as good as the article it imitates. And so it is with Renne's Pain-Killing Magic Oil. Hundred's of imitations have been offered to the public in place of the genuine, but none of them have quite answered the purpose. Renne does the work other oils do not do internally for cramp colic and cholera morbus, and externally for rheumatism, sprains, and for sore muscles. The public know it well and use it regularly. NO WONER.

By A. WHITEHEAD.

No wonder that their poems are sometimes pretty punk.

Although 'tis clearly seen, they do their best.

They have to pass out reams and reams of certain kinds of bunk.

Sweet Miriam, and Wait and Eddie Guest.

No matter if they're "noivous," out of sorts or feeling queer.

No matter if the world looks awful blue.

No matter if their mother-in-law has come to stay a year.

No matter if the rent is over due.

On Christmas, New Year, Easter or Independence day.

Their poor old muse performs must have a hunch.

They've got to get real busy and sing a merry lay.

(These humorists must be a cheerful bunch.)

They must sing in every season; spring, summer, winter, fall.

Their tuneful lay must fill the usual space.

They must render up the cheerful whoever there's a call.

Or they'll never see the cashier's smiling face.

Poor Walt and gentle Miriam and faithful Eddie guest.

Don't blame them if their songs are sometimes jangled.

No wonder that their product isn't always of the best.

No wonder that their rhythm is sometimes tangled.

O, YOU LITTLE GIRL.

Little girl, you look so small, Don't you wear no clothes at all? Don't you wear no potty-skirt? Just your corset and your hose. Are those all your underclothes? Little girl, when on the street You appear to be all feet, You surely are an awful sight. With your dress so very tight, Nothing on to keep you warm, Crazy just to show your form. Little girl you won't live long, Just because you dress all wrong. Can't you wear more underclothes Than your corset and your hose? After what I do believe, You will dress like Mother Eve.

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish once a month, and yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove, and you will have a shine that any other stove polish can't give you. Your stove is guaranteed to retain your money. But we sell the Black Silk Stove Polish only by the name of Black Silk Stove Polish and who say it is "the best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine Black Silk Stove Polish. It costs you money when the ordinary Black Silk Stove Polish is used. It keeps your grates, registers, fenders and stove pipes bright and free from soot. It does not stain or discolor. It is sold in two sizes: one with each can of enamel only.
