Treasury officials figure out that if all the money in circulation in the United States were divided equally, every man, woman and child would have \$34.50. We have corralled the \$20 and have started on a Marathon for the \$24. Its bound to be an interesting race.

One by one like the birds in spring-time they are coming back. Mrs. H. C. Wilson after a winter in the Sunny South, returned home Wednesday. Her headquarters was at Americas, Ga. from there she visited different sections of the great south. Harvey had everything in apple pie order on her return, his nichols and all.

Mr. Will Nicholas all the way from Morrell, Neb., is here. He came to Chicago with a train load of sheep of his own ranch raising, struck a line market, sold out, and came on to Birmingham and joined his wife and children who have been home with him and remained for a few weeks. They all return home to Nebraska next week.

Take long walks in the country. The field and woods are fragrant with the odor of blossoms; wild strawberries and violets dot the straw with white and purple and the old world is clothed in beauty. Yes, perhaps can't afford grand opera but the chorus of the birds has never been equalled and Nature presents a picture in June, painted by the hand of the Great Artist, that is not hung in the big art galleries.

At the Family Theatre this Friday evening April 18th, will be shown, in addition to the regular exhibit, two large and long reels of the Dayton Good horror. These reels can only be had for one night, and at a big expense over the regular price for the usual reels. The Management will no doubt have a big house to night, as all will want to see this great sight. So many here will want to see these moving pictures and see where the money they subscribed went to, and how it was used to assist the sufferers.

The Womans Foreign Missionary Society of the Methodist Episcopal church will observe their annual Thank Offering of \$250.00 on two occasions, April 24 at the home of Mr. and Mrs. Eugene Smith on Maple avenue east. A short business session will be followed by a program given by Miss Lou M. Nind of Detroit with special music.

At the home of Mrs. F. W. Frantz at 6300 supper will be served, the proceeds to be added to our Thank offering which will be used to improve our school and hospital building used in the work of our specialities. All are invited to be present. Supper, white and brown bread, escalloped potatoes, beans, and eggs pickles and jell cake, tea and coffee.

There will be a meeting of the Girl's Friendly Society at Mrs. Hulberts, Tuesday evening, April 22.

A New York city beggar managed to spend \$25 a day, which he collects from a sympathetic public.

Southfield avenue looks nicer than usual since Mr. Clitz has trimmed up his long line of shade trees.

Any one who would like to put out a tree apply to Village Improvement Society through Miss M. Baldwin.

If your trees are growing old and breaking down, put out a small one near by. The old one will not last long.

John Benedict is overhauling his home at the Maple Grove. Seems almost like sacrilege, to disturb this old and famous land mark.

The coffee that was used at the last St. James church supper was the popular Texas brand and donated to the Guild by Mr. Miner.

The supper given under the auspices of the Pythian Sisters last Friday night was a grand success. The members wish to thank all who attended.

Don't forget the big musical and literary entertainment to be given by the Pythian Sisters tonight. Admission 20c adults and 10c for children.

In the Evening News of the 14th inst., we read that Mr. Fred Blanding is the very best right hand pitcher of the Cleveland Club. We wish him the best kind of luck this season.

The Ladies of the St. James church are making preparations to give lunch on the lot West of the bank on the 14th of July next. It will be on the modern serve-elf plan. By order of Secretary.

At a card party given by the Pythian Sisters last Friday night the following won prizes: 1st prize, Mrs. Carl Symons; 2nd prize, Mrs. J. A. Wendolph and Mr. C. C. Stewart.

It is said that the best way to preserve apples in winter is to wrap them in newspapers so as to exclude the air. The exception is made however, that the newspaper must be on one which the subscription has been paid, else the dampness resulting from what is "dew" may result in spoiling the fruit.

If Penn Weston was alive today, wouldn't he be glad to see the great marks of improvements going on about the corners of Bloomfield and now called Circle. The D. U. R. has acquired a nice lot of land and are now building a big freight house and a passenger depot. They have switched side tracks and a turning point. All called by the big loggers that is done at this point. Across the road on the south side another fine building is under process of construction.

The right result will be the number of deaths, the middle will be the number of living brothers and the left will show the number of living brothers. Try it and see.
