Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless inflammation can be taken ont and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of 10 are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give $100 for any case of deafness (caused by catarrh) that cannot be cured Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY, Toledo, Ohio.

Sold by druggists, 75c.

Prolific Penguins.

A penguin oil industry is to be established at Macquarie Island, about half way between Tasmania and the Antarctic continent. This island, 25 miles long and five wide, is estimated to contain probably 50,000,000 penguins, so that the stock seems almost limitless.

Man Intended for Quadruped.

According to a German biologist, man made a mistake when, centuries ago, he changed himself from a quadruped to a biped, the contention being that many present day ills are due to carrying the spine in an upright position when it was intended to be carried horizontally.
