More Economical Both in Use and Cost
CALUMET
BAKING POWDER
—And it does better work. Simply follow your customary method of preparation—add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised—the baking comes from the oven more tempting, tastier, more wholesome.
Calumet insures the baking of an expert. Ask your grocer to-day.
RECEIVED HIGHEST AWARDS
World's Pure Food Exposition, Chicago, Ill.
Paris, Exposition, France, March, 1912.

You don't save money when you buy cheap or big-cah baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

WOULD ABROGATE THE TREATIES

CHAMBERLAIN INTRODUCES RESOLUTION IN THE SENATE.

WOULD SETTLE QUESTION OF PANAMA TOLLS.

Hay-Pauncefote Treaty With England May Be Set Aside As Simplest Way Out of Controversy.

A joint resolution to abrogate the Hay-Pauncefote and Clayton-Bulwer treaties, on which Great Britain is basing her protests against the Panama canal act, was introduced by Senator Chamberlain, of Oregon and referred to the foreign relations committee.

Upon the Hay-Pauncefote treaty Great Britain bases her protests against the free passage for American ships in the Panama canal. Senator Chamberlain, a leader in the senate of the

Senator Chamberlain.

free passage exponents, declared that he considered abrogation of the treaty the easiest and quickest way to get to the bottom of the affair.

Senator Chamberlain explained that while the Clayton-Bulwar treaty had been superseded by the existing Hay-Pauncefote treaty, he included it in his resolution for abrogation upon the theory that were the Hay-Pauncefote treaty to be abrogated alone, Great Britain might rebase her claims upon the old treaty with the contention that the abrogation of its successor still left it in force.

Million Dollar Fire in New York.

A million dollar loss is estimated for a fire which destroyed the old Shooters Island shipyard on the Kill Von Kull, near Staten Island, in New York bay. It was used by the Standard Oil Co. for the reconstruction of many tank ships and tugs. The German emperor's yacht, Meteor, was built at the Shooters Island yard in 1902, when many celebrities, including Prince Henry, of Prussia, President Roosevelt, and others, attended the launching.

Besides sweeping the yard, today, the fire burned to the water's edge the large transfer ferry, Express, of the New York, New Haven & Hartford railroad, the ferryboat Fordham, a barge and two schooners.

Mexican Rebels Wreck Train.

Seventy-five federal soldiers were killed when insurgents dynamited a troop train a few miles south of Chihuahua City, according to refugees arriving by automobile tonight from the district. The refugees reported that had encountered the wrecked train, and estimated the dead, which apparently for several days has remained along the tracks of the Mexican Central railway. Strong groups of constitutionalists were met at intervals along the route.

School Board Members Fined.

Eleven members of the St. Louis board of education were fined $100 each in circuit court for failure to equip three school buildings with fire escapes. The members signed their own bonds and were released pending the outcome of appeals. It was testified during the trial that the board of education had appropriated $230,000 to make every school building in the city fireproof.

Port Huron suffered a deficit of $10,000 in its schools this year and the city commissioners believe that it will be necessary to assess the maximum per capita to raise an amount sufficient for the coming year.

A special election will be held at Monroe, June 2, for the purpose of voting for commissioners to revise the city charter, in accordance with the decision of the director April 7.

Just three days after his 106th birthday, Charles Beatty, one of Muskegon's two famous French-Canadian centenarians, died at the Muskegon county home.

Otto L. Hill has started suit against the city of Port Huron for $5,000. He alleges his property was damaged when repairs were made to a water main.

Thousands of fish covered the grates on the Commonwealth power dam at Cèresco, backing the water up and making it necessary for a gang of men to rake them off.

Frank Geruiski, 70, of Bay City, received injuries from which he died when the wagon in which he and his wife were driving turned turtle and pinned them beneath it in a ditch.

Raymond H. Granger, aged 26 years, of Pontiac, was instantly killed when he fell under the wheels of a caboose in the Grand Trunk yards at Oakland avenue.

AMBASSADOR FROM JAPAN

Viscount Chinda is very much in the public eye since the proposed legislation in California has brought about an acute situation in the relationship of the two nations.

PRESIDENT WOULD MAINTAIN FRIENDLY RELATIONS WITH JAPAN.

Alarmed by the earnestness of the Japanese in manifesting their objections to the anti-Japanese legislation pending in the state of California, President Wilson abandoned his policy of "hands off" and put the international phase of the situation squarely before Gov. Hiram Johnson, of California.

Secretary Bryan in a message inspired by the president informs the governor that while the right of the state of California to enact such legislation as she may see fit on the subject of land tenure, they are urged to recognize the international character of such legislation and strike out the words "ineligible to citizenship."

Thus President Wilson has adopted essentially the same course in handling the anti-Japanese tendencies of the Pacific coast as was taken by former President Roosevelt in 1907 and more recently by President Taft.

Temporary relief from the strained relations now existing is expected promptly when the president's message is published in Japan. A large part of the Japanese resentment is said to be due to the fact that the Japanese people as a whole have believed the federal government was entirely willing that California adopt even the most drastic measures. It is expected that when the president's efforts to smooth out the situation become known that there will be at least a suspension of the anti-American demonstrations and the talk of making war on the United States.

Peace Congress in St. Louis.

The program of the fourth American Peace Congress, which will be held in St. Louis May 1-3, has been announced.

Among the speakers for the first day of the congress are Andrew Carnegie and Senator Theodore Burton of Ohio.

Others who will speak during the congress are Booker T. Washington, Edwin D. Mead, of Boston; John Lewis, editor of the Toronto Star; Justice Wm. R. Riddell, of the supreme court of Ontario, and Justice B. Russell, of Halifax.

Secretary of State Bryan will deliver two addresses May 3.

Fatal Explosion at Canal.

A premature explosion of dynamite occurred between the Pedro Miguel Locks and the Miraflores Locks of the Panama canal.

Three men were killed and 23 wounded.

Dynamite to the amount of about 21,000 pounds, filling 96 drill holes "let go."

The electric wires were not stuck, and the only possible explanation seems to be that a sulphur formation at this point had generated heat.

Greatest English Vessel Launched.

The largest steamship ever built in Great Britain, the Cunard liner Aquatania, was successfully launched on the Clyde.

The new vessel is double shelled and carries boats sufficient to accommodate 4,250 persons, the entire complement of passengers and crew. She is a vessel of about 47,000 tons gross.

Charles English, a farmer near Alpena, shot and killed a big bear just as the animal was about to enter the sheep shed.

At the last meeting of the Saginaw common council the endowment fund of $20,000 left by the late ex-governor A. T. Bliss for the improvement of Bliss park was accepted.

In the first decision ever announced by the supreme court of the United States in regard to the use of X-rays, the tribunal held that the burden was on the plaintiff, in suits for damages resulting from the use of X-rays to show the physician, or defendants, was negligent, and that the physician in such suits need not show he was not negligent.

William Norgate, an aged resident of Ann Arbor, dropped dead at the seventh ward polling place, just after casting his vote. He had been an invalid for three years, following a stroke of paralysis.

Robbers entered the residence of Mrs. Mary H. Reynolds, at Jackson, some time during the month of March and carried off goods to the value of over $1,000, Mrs. Reynolds has been away from the city and did not discover the theft until her return recently. She at once took out a "John Doe" warrant for the thieves.

At a special meeting the Alpena city council appropriated $1,000 for the Ohio and Indiana flood sufferers.

August Wegner, 70, was killed by a 12-foot fall from a hay loft at the home of his brother, William, in Tittabawassee.

Alleged irregularities will cause a recount of Monday's city election at Battle Creek. In several precincts all tickets not having a cross under one of the party emblems were thrown out, so that the voters who did not express party affiliations lost their votes. In other precincts these votes were counted. The alleged irregularities concern no ballots except those for city officers.

"THE CLIMATE OF WESTERN CANADA."

AN IMPORTANT FACTOR IN CANADA'S IMMIGRATION.

A letter dated February 2, 1913, published in a "People's Voice" column in a Swedish paper, while dealing with other conditions in Canada, such as grain yield, social conditions, etc., says: "We have had fine weather until New Year's, when some snow fell and it was cold for a few days, but during the past few days we have lovely weather again." The writer, who lives near Davidson, Sask., says they got from 30 to 35 bushels of wheat per acre, 60 bushels of oats and about 20 bushels of flax. All homesteads are taken in the vicinity, but wild land can be bought at reasonable figures. Word from Alberta gives the information that up to the 22nd of February there were eighty-four and a quarter hours of bright sunshine, but that did not come up to the corresponding month of 1912, when the meteorological department registered 120 hours for the 29 days.

February was exceptionally fine all through, but 1912 went and better, and was a glorious month. However, taking the weather generally throughout the northern hemisphere, February has been marked by serious and severe disturbances resulting in heavy storms, bad weather and low temperatures in many other parts.

The coldest temperature this week occurred on Tuesday morning, when the thermometer registered 23.5 below, and the coldest Wednesday was 21 below. During the last fortnight of February 9 and 8.7 hours of bright sunshine spread its glorious rays over Edmonton, and this out of a possible total of about ten hours is something to talk about.—Advertisement.

Kaiser's Long Pedigree.

Among the curiosities of the New Palace, Potsdam, which has been the scene of a fire, is a genealogical tree showing the name of King David engrossed at the root of it, with that of the kaiser at the top, the descent being traced through his mother's family.

According to this genealogy the reigning house of Great Britain is descended from David through the eldest daughter of Zedekiah, who fled to Ireland in charge of the Prophet Jeremiah, and eventually married Heremon, king of Ulster. Apparently the kaiser is fond of gazing upon this proof of his ancient lineage, for it occupies a conspicuous position in his study.

HANDS ITCHED AND BURNED

Abbotsford, Wis.—"My son had eczema on his hands for about one year. The eczema started with a rash. His hands were sore so he could not close them, and when he wet his hands they hurt him so he could hardly wash. His hands itched and burned just terrible and if he would scratch them, they would break out into sores. He could not get any rest or sleep, and his hands looked quite bad.

"We had medicine and salve and it kept getting worse all the time. I got some Cuticura Soap and Ointment, and after washing his hands with the Cuticura Soap and putting some of the Cuticura Ointment on two times a day and tying cloths on them for about six months they got well and have not broken out since. Cuticura Soap and Ointment cured him entirely." (Signed) Mrs. Lawrence Kiehl, Feb. 13, 1912.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston." Adv.

Admiring Solicitude.

"What do you think of our new battleship?" asked the naval expert.

"Wonderful," replied the plain business man; "only it does seem a shame to risk anything so handsome and expensive in a fight."

Who's Doing the Talking?

"A business man should never take his stenographer out to lunch."

"Why not?"

"Oh, it causes talk."

"Of course it causes talk, but if the business man will abstain from cocktails, he won't talk to her half as much as he might."

Women of Middle Age

From 40 to 50 Woman's Critical Period.

Such warning symptoms as sense of suffocation, hot flashes, severe headaches, melancholia, dread of impending evil, palpitation of the heart, irregularity, constipation and dizziness are promptly treated by intelligent women who are approaching the period of life.

This is the most critical period of woman's life and she who neglects the care of her health at this time invites incurable disease and pain. Why not be guided by the experience of others and take Lydia E. Pinkham's Vegetable Compound? It is an indisputable fact that this grand old remedy has helped thousands of women to pass through this trying period with comfort and safety. Thousands of genuine and honest testimonials support this fact.

From Mrs. HENRY HEAVILIN, Cadiz, Ohio.

Fort Worth, Texas.—"I have taken Lydia E. Pinkham's Vegetable Compound and derived great benefit from its use. It carried me safely through the Change of Life when I was in bad health. I had that all gone feeling most of the time, and headache constantly, I was very nervous and the hot flashes were very bad. I had tried other remedies and doctors, but did not improve until I began taking Lydia E. Pinkham's Vegetable Compound. It has now been sometime since I took the Compound and I have had no return of my old complaints. I always praise your remedies to weak women."—Mrs. HENRY HEAVILIN, R. F. D. No. 5, Cadiz, Ohio.

From Mrs. EDWARD B. HILBERT, Fleetwood, Pa.

Fleetwood, Pa.—"During the Change of Life I was hardly able to be around at all. I always had a headache and I was so dizzy and nervous that I had no rest at night. The flashes of heat were so bad sometimes that I did not know what to do.

"One day a friend advised me to take Lydia E. Pinkham's Vegetable Compound and it made me a strong, well woman. I am very thankful that I followed my friend's advice, and I shall recommend it as long as I live. Before I took the Compound I was always sickly and now I have not had medicine from a doctor for years. You may publish my letter."—Mrs. EDWARD B. HILBERT, Fleetwood, Pa.

From Mrs. F. P. MULLENDORE, Munford, Ala.

Munford, Ala.—"I was so weak and nervous while passing through the Change of Life that I could hardly live. My husband had to nail rubber on all the gates for I could not stand to have a gate slam.

"I also had backache and a fullness in my stomach. I noticed that Lydia E. Pinkham's Vegetable Compound was advertised for such cases and I sent and got a bottle. It did me so much good that I kept on taking it and found it to be all you claim. I recommend it to all women afflicted as I was."—Mrs. F. P. MULLENDORE, Munford, Ala.
