"Young man, when you buy a buggy, be sure it's a Studebaker"

Sound advice from the man who has been driving one for twenty years.

When you buy a Studebaker buggy you are buying all the skill, experience and science in buggy building that half a century can produce. You are protecting yourself against the mistakes of younger builders.

You will always be proud of the Studebaker nameplate, for there isn't a buggy on the road that is its equal for style, luxury and good looks.

Flexible bent-neck gear, graceful lines, solid corner, pluggable body, double-bronzed shafts, are a few of the special Studebaker features.

The new close-fitting shifting rail is enough in itself to make you buy a Studebaker buggy.

A Disagreeable Person

is the one who suffers the misery of a bad liver. He is cross, bad tempered, irritable. In all such cases the liver, stomach and bowels need a thorough cleansing of bile and other impurities, and for this purpose there is nothing more effective than Dr. Herries' Sugar-Coated Pills. They put the liver in order, tone up the stomach and regulate the bowels. Price 25c. Sold by Cobb-Stanley-Harris Co.—Adv.

PAIZ HAS HIS SAY.

Oh, dear Spauld friend,
Such a kindly word you send;
I've felt so much alone—
Yes, you may have my best bone.
"Whitney" and the rest.
(Oh, if belonged to the goodly best)
Seem to have it in for me,
Just because I'm not all I might be.
Like my master,
I'm in the public gaze,
And folks like to say things,
That keep us in a mystic haze.
Master's old and worn,
And can stand the criticisms,
But they make me forlorn,
And give me the jimjams.
If folks would only with me get acquainted,
Really, I'm not as bad as I've been painted.
And if in the wheelhead will persist,
That there'd be a white heat I'll insist,
For I'll give him one
Right in the state,
Or my name is 'at PA-T-Z, Patz.

Coughs and Consumption.

Coughs and colds, when neglected, always lead to serious trouble if the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr King's New Discovery. You will get relief from the first dose and finally the cough will disappear. O. H. Brown, of Mascaine, Ala., writes: "My wife was down in bed with an obstinate cough. I honestly believe had it not been for Dr King's New Discovery she would not be living today. Known for years as the best remedy for coughs and colds. Price 5c and \$1. Recommended by C. J. Shain and Cobb-Stanley-Harris Co.—Adv."

THE STEADY SUBSCRIBER.

How dear to our heart is the steady subscriber who pays in advance at the birth of each year, who lays down the money and does not come gladly, and casts 'round the office a halo of cheer. He never says, "Stop it; I can not afford it, I'm getting more papers than now I can read." But always says, "Send it, our people all like it—in fact we all think it is help and a need." How welcome his check when it reaches our sanctum, how it makes our pulse throb; how it makes our hearts dance. We outwardly thank him; we inwardly bless him—the steady subscriber who pays in advance.

UNKIND.

BY AN FIFTH-GRADER.

Her cheeks had stolen blushes from the peach
And the sunshine was all tangled in her hair,
She was the fairest pebble on the beach
But the way she treated me was far from fair.
For when I told her of my ardent love,
She said that I could go and see her dad.
Her voice was like the cooling of the dove
But I knew, instanter, that my case was bad.
I had thought that I was foremost in the race,
But she knew I knew her daddy dear was dead,
The old man sure had gone the pace—
She knew I knew the kind of life he'd led.

GOOD ROADS NOW

A Lecture by an Authority upon "This Subject," H. S. Earle will be the Speaker.

At no time in the past have our farmers been handicapped as they are this spring by the condition of Woodward avenue from Royal Oak to and through Birmingham, the actual loss would pay for good roads.

"Good Roads" suggests the name of Heratio & Earle, who has made a life study of road-building.

Mr. Earle will tell inside history regarding the present condition of our roads, all advocates of good roads should read this lecture.

"Good Roads" a masterpiece of politics by Prof. Earle, the psychological and philosophical view of politics by Professor Herbert A. Miller, both upon the one evening, afford an exceptional opportunity that would be overlooked. Good master, admission free. Ladies especially invited. Johnson-Shaw Hall, Saturday night, April 24, 1915 at 8 o'clock.

Away From Dust of Autos.

The increase of motoring and the consequent increase of dust have, to some considerable extent, changed the value of villa and hotel sites in "Victory" resorts. The choice, especially in the south of France and Italy, is now much in favor of houses well away from the main road, and even well outside towns.

What He Called It.

"Are you troubled with insomnia—sleeplessness?" I should say I am. Some nights I don't sleep three hours. "That's not I've got it awfully bad. I've been afflicted now about two years. The doctor calls it morbus insomniæ paralytica." "I've had it about sixteen months and we call it Ethel."—Ocean View Visitor.
