Mechanical Experts' Choice

Men who manufacture automobiles are good judges of machinery. They understand about materials and construction.

When they own farms, they select their implements and machines with a keen judgment of efficiency and high quality. It is significant, therefore, that the head of nearly every automobile manufacturing concern in Detroit who owns a farm uses the

UNITED STATES CREAM SEPARATOR

Among these U. S. users are:
 H. M. Leland, Cadillac H. B. Joy, Packard
 Henry Ford, Ford W. E. Flanders, Maxwell
 G. C. Hupp, Hupp

Long service and few repairs are the tests by which every part of the United States Separator is judged. Even the frame is one solid casting.

The 1913 Model U. S. Separator

embodies improvements in several features that give it much easier running and closer skimming qualities than the older models. It should be remembered that the United States Cream Separator holds the WORLD'S RECORD for close skimming at the Buffalo Exposition, GRAND PRIZE at the Alaska-Yukon Exposition, and the GOLD MEDAL at Sacramento. It outranks every other separator in thoroughness of skimming.

Nickel Silver Skimming Sections Guaranteed Non-Rusting
 The use of Nickel Silver in the skimming sections of the U. S. renders them easy to wash, absolutely non-rusting and extremely durable.

How Would You Like To Live in Detroit?

Haven't you often thought of moving into "the city" where there are greater opportunities for making money and where your sons and daughters can enjoy business and social conditions to which they are entitled? You have heard of what wonderful things are taking place in Detroit—the fastest growing city in America; immense industrial plants and new ones coming in every day—a constant demand for workmen at high wages—every advantage for young people who are anxious to get up in the world. That is why real estate values are on the jump in Detroit; that is why there is a shortage of homes, building, building everywhere. You can share in this prosperity.

Buy a Lot in Woodward Park

The subdivision is on the famous Woodward Avenue and only a half hour's ride from the City Hall. Palmer Park is opposite. There are three hundred lots facing on four streets all of which are graded and laid with cement walks. Prices range from \$250 up. No other property available in or near Detroit can equal Woodward Park as a site for homes of moderate cost. Lots, much less conveniently located are being sold at higher prices, but we have decided to place Woodward Park on the market and give buyers the benefit of a specially fortunate deal. Only 10 per cent down and the balance in easy payments.

As a real estate investment involving only a small amount of capital we know that this property can never be excelled. North Woodward land is at a premium, values are increasing tremendously and never again. In all probability, can we place on the market a tract so desirable as Woodward Park at anything like the same figures.

Descriptive booklet and complete information as to prices, terms, etc. will be mailed upon request. We are the largest real estate operators in Detroit. Any bank, trust company or financial agency will satisfy you as to our reliability.

OBITUARY.

ADAH VIOLA WING
 O death dealer of Mr. and Mrs. Wm. Wing, was born in Birmingham, Aug. 12, 1866 and died in the place of her birth, Apr. 30th 1913 at the age of 46 years, 7 months and 18 days.

Until about three weeks before her death she was in the employ of the telephone company where she rendered faithful service.

She was a young lady of excellent Christian character and was well liked by all her acquaintances.

About three years ago while living at Pontiac she gave her heart to her Savior and was baptized by Rev. H. M. Traver of the First Baptist church. The funeral which was held from the home was under the auspices of Rev. Traver and Conley. The many floral tributes expressed the esteem in which she was held. The interment was in the Greenwood cemetery.

Why one, just entering upon young womanhood and whose life gave promise of so much should be taken may be difficult to comprehend, but nevertheless faith abides in Him who directs all things according to infinite wisdom and love.

"We see but dimly through the mists and vapours,
 Amid these earthly damps,
 What seems to us sad funeral tapers
 May be heaven's distant lamps.
 She is not dead,—the child of our affection,
 But gone unto the school
 Where she no longer needs our poor protection
 And Christ himself doth rule.
 A lovely maiden, in her Father's mansion
 Clothed with celestial grace
 And beautiful with all the soul's expansion
 Shall we behold her face."
